X1	MCA is responsible for the issue of the Large Yacht Certificate. This will be dependent on the receipt of a partial declaration from the Classification Society covering the table items marked (X ¹).						
X2	Classification Society is responsible for the issue of the Cargo Ship Safety Construction Certificate “for and on behalf of the Government of United Kingdom and Northern Ireland”. The certificate will be completed on the basis of a partial declaration by MCA covering the items marked (X ²).						
X3	Classification Society will survey and certificate for all Annexes of MARPOL, except approval of SOPEP will remain with MCA						
X4	Classification Society will survey and certificate vessels over 300GT. For unclassified and under 300GT vessels, surveys will be conducted by “authorised persons”, ref. MGN 392						
X5	Submersible craft to be constructed and maintained to Class rules						
X6	Aviation Inspection Bodies have responsibilities
