

Project	Funding Round	Description	Award	Region
Beer Coastal Community Team	Round 5 Fast Track	The project will employ a village commercial manager to develop and organise events and to provide facilities to attract more long-stay visitors and extend the visitor season. Project includes implementing a 3-year promotion, marketing and development plan for the village.	£ 53,000.00	South West
Berwick Coastal Community Team	Round 5 Fast Track	The Berwick "Welcome Visitor" project to improve the town's visitor offer by promoting new visitor opportunities, events and products that will encourage longer stays and extend the current visitor season.	£ 304,000.00	North East
British Marine Federation South West	Round 5 Fast Track	The project will diversify coastal and maritime tourism in Devon. Funding will support the development and promotion of a package of measures to increase cross Channel leisure yacht visits between Brittany and Devon, both during and outside the peak season.	£ 53,000.00	South West
Coastal West Sussex Partnership	Round 5 Fast Track	The project will position coastal West Sussex as an active hub for water-based sports. Funding will promote collaboration and an experience based marketing campaign for local businesses, including a water sports development office.	£ 170,000.00	South East
Community Arts Project North East CIC	Round 5 Fast Track	The project will refurbish an industrial landmark building - St Hilda's Pit Head in South Shields - and transform it into a community, cultural and heritage hub providing training, office, event and exhibition space and a base for a community arts project.	£ 61,390.00	North East
Deal Town Council	Round 5 Fast Track	The project aims to create a new tourism offer aimed at families and occasional cyclists to make Deal a cycle friendly town. Funding will support the development of family friendly cycle routes, improved signage and the creation of new cycle maps and guides, plus a new e-bike share scheme.	£ 98,077.00	South East
Disability First CIO	Round 5 Fast Track	The project aims to improve the tourism offer and visitor experience for people with disabilities visiting the Fylde, Blackpool and Wyre coasts. Project includes training courses for local businesses to support people with disabilities, organising new events and the creation of trained volunteer access guides.	£ 985,522.00	North West
Jurassic Coast Trust	Round 5 Fast Track	The project aims to create a joined-up network of volunteers and businesses along the Jurassic Coast, in partnership with local education providers. It will include an IT platform with training, accreditation, recruitment and business relationships managed by the Jurassic Coast Trust.	£ 258,526.00	South West
Kneehigh Theatre Trust Limited	Round 5 Fast Track	The project aims to develop a centre of excellence to provide training and development for a new generation of leaders and workers in the cultural and tourism sectors. It will also support 2 festivals of contemporary culture and the use of new technology to create new coastal digital experiences to attract visitors throughout the year.	£ 803,236.00	South West
Lancashire Wildlife Trust	Round 5 Fast Track	The project aims to increase nature tourism by working with local businesses to enhance engagement in the nature tourism offer of the Lancashire coast. Events, talks, surveys and workshops will be organised to encourage local communities to champion the coast.	£ 71,000.00	North West
National Maritime Museum Cornwall Trust	Round 5 Fast Track	The project aims to introduce heritage boat tours of Falmouth's historic docks, with trained tour guides, to highlight maritime history and wildlife. Funding will increase visitor numbers, create jobs and volunteering opportunities and support local maritime businesses.	£ 110,000.00	South West
Natural Enterprise Limited	Round 5 Fast Track	The project aims to support the creation of an Isle of Wight Events Centre. The aim is to enhance the estuary's tourism offer with local hospitality providers and businesses and encourage more collaborative working and marketing.	£ 60,000.00	South East
Northern Regeneration CIC	Round 5 Fast Track	The Scarborough Construction Skills Village project aims to help tackle local unemployment and skills challenges. Funding will support local residents into new apprenticeships and jobs in the construction industry, particularly in micro and small construction companies.	£ 896,568.00	Yorkshire & Humber
St Austell Bay Economic Forum	Round 5 Fast Track	The project aims to transform the St Austell area as a visitor destination. Funding will support a programme of public realm, cultural initiatives and events and skills training to attract more visitors and extend the tourist season.	£ 1,093,520.00	South West
Suffolk County Council	Round 5 Fast Track	The project aims to bring to life 'The Hold' - a new Suffolk Archives and Heritage Centre next to the Ipswich Waterfront. Funding will deliver a comprehensive, year round heritage activity and events programme to develop new audiences to visit Ipswich Waterfront.	£ 414,763.22	East of England
The Margate School	Round 5 Fast Track	The project aims to support the local creative economy in Margate's High Street and town centre by kick-starting Margate's first Fabrication Laboratory. This will provide technical skills training, business planning and design mentoring/facilitation for local creative businesses and professionals.	£ 499,100.00	South East
Amble Development Trust	Round 5 Main Round	The project will create a bird-themed sculpture trail linking the villages of Hauxley and Warkworth to Amble with physical and augmented/virtual reality installations of birds, celebrating the natural assets of the local area. The aim of the project is to raise the profile of Amble as a tourist destination and extend the tourist season. Amble Development Trust intend this project to be a visitor resource for the whole of Northumberland and ultimately become nationally significant.	£ 396,000.00	North East

Project	Funding Round	Description	Award	Region
Arun District Council	Round 5 Main Round	The project aims to regenerate key areas of Littlehampton Town Centre, supporting businesses through the delivery of a high quality public realm enhancement scheme including new paving, lighting, planting and street furniture. This will increase visitor numbers and encourage local residents to use the town centre for retail instead of online shopping and out of town retail parks.	£ 2,452,295.00	South East
Blackpool Borough Council	Round 5 Main Round	The project will create Blackpool's first museum, which will tell the story of Blackpool's role in the development of British popular entertainment and the Great British seaside holiday, revealing rarely told stories of magic, variety, circus and dance. It will house family-friendly displays and a temporary exhibition gallery, encouraging repeat local and national visitors.	£ 1,750,000.00	North West
Canterbury City Council	Round 5 Main Round	The project will repurpose an empty County Council building into co-working office space including training/meeting space, and studio space to support pre-starts, start-ups and existing businesses to develop and grow in the town and promote entrepreneurship. Post refurbishment the facility will be available for events, workshops and hot-desking. The facility will also offer business support and mentor provision for free through business networks. The project will be delivered in partnership with Herne Bay CCT and Cabin FM, the town's community radio station and will operate as a social enterprise.	£ 212,950.00	South East
Castle Point Borough Council	Round 5 Main Round	The project will regenerate Canvey Island seafront putting in place appropriate infrastructure to support the visitor experience. Castle Point Borough Council aim to improve public spaces via the provision of additional public toilets and car parking, a new retail kiosk and an improved walkway as well as the construction of a pavilion with viewing area.	£ 1,522,033.00	East of England
Copeland Borough Council	Round 5 Main Round	The project will improve visitor infrastructure, facilities and activities along Cumbria's 'hidden' coast, aiming to create new visitor demand and increase sustainable local employment opportunities. The project will create a Coastal Challenge Trail which is able to host a sustainable event. Sections of the trail will be available all year round and supported by illustrated maps, signage and digital media. Improvements to public spaces and new infrastructure will complete the route, including a community café and hub, improved footpaths, cycle ways and river crossings, and new activities.	£ 1,059,499.00	North West
Cornwall and Isles of Scilly Local Enterprise Partnership	Round 5 Main Round	The project will create virtual, augmented and immersive reality heritage experiences in museums across five coastal communities and implement community engagement activities. The first of three strands will be digital revival, where each community will work with Falmouth University's research experts to develop and implement innovative technologies to create immersive visitor experiences in museums. Secondly, museum staff, volunteers and their local communities will be engaged in co-designing the new experiences. The last strand will be digital training, delivered to local people to enable them to add value to, and future proof, their businesses.	£ 698,596.00	South West
Durham Heritage Coast Partnership	Round 5 Main Round	The project will provide a visitor and events hub in the form of a café, public toilets and changing rooms. It will also incorporate space for volunteers, wardens and interpretation which will benefit over 220,000 visitors each year.	£ 1,325,700.00	North East
Essex County Council	Round 5 Main Round	The project will promote the Essex coast as a high quality visitor destination with a diverse tourism offer, achieving economic growth and regeneration of coastal communities in the county. This will include targeted business support; employment opportunities as a result of increased visitor numbers and spend; development of digital, interactive tools to promote thematic walking trails, highlight local businesses and sustainable travel options; a pilot bus route; and improved marketing and signage.	£ 663,565.00	East of England
Greater Lincolnshire Local Enterprise Partnership	Round 5 Main Round	The project will provide support for local businesses in the Greater Lincolnshire area, via the creation of a Coastal Business/Provider Forum. In addition, a range of training courses will be delivered to employed and unemployed people, with the aim of upskilling them in preparation for employment. Coastal Champions will act as role models and link into the LEP Ambassador scheme.	£ 370,000.00	East Midlands
Helford River Children's Sailing Trust	Round 5 Main Round	The project will transform the Trevassack Lake, formerly a quarry, which is adjacent to an Area of Outstanding Natural Beauty, into a centre for inclusive water sports. This will offer accessible activities and adapted accommodation year-round, available for all but also aimed at young people with SEND and their families. This will include the creation of a learning centre, residential lodges, a sensory room, water craft, floating classroom, disability access adaptations to the lake, parking and an access road.	£ 1,695,919.00	South West
Hylgar Properties Ltd	Round 5 Main Round	The project will redevelop the Old Town Hall building in Hoylake to create an arts based leisure and retail hub. There will also be the creation of an onsite business development support engine to help new start-ups and existing businesses to grow, filling studio and retail space at the development and throughout the area. Units will include a cinema, restaurant, café and retail, office and studio space.	£ 3,642,500.00	North West

Project	Funding Round	Description	Award	Region
King's Lynn and West Norfolk Borough Council	Round 5 Main Round	The project will develop and improve mooring and navigational infrastructure of the Waters of 'The Wash'. This will increase accessibility for leisure boating activity and promoting the Wash as a unique sailing destination. Construction will include extending permanent and visitor mooring provision through pontoons and swing mooring on local rivers. An accompanying marketing campaign will promote the development of the area to the target market.	£ 679,047.00	East of England
Morecambe Winter Gardens Preservation Trust	Round 5 Main Round	The project will refurbish the heating system of the grade 2* listed Winter Gardens Theatre. It will fund the purchase and installation of a new gas fired boiler and wet heating system to the auditorium at ground and first floor level, enabling increased usage and all year round operations. The project aims to create 1.5 direct and 3 indirect jobs.	£ 96,550.00	North West
National Trust	Round 5 Main Round	The project will deliver visitor hubs at sites such as farm cafes, B'n'Bs and the local chapel, providing information about the heritage of the area and delivering events focusing on cultural heritage. Businesses will be supported to develop and provide tourist information and activities such as walking tours and bikes for hire. An integrated transport offer will be created and general improvements to the public realm such as increased signage and improved footpaths will also form a part of the project.	£ 460,360.00	South West
Newquay Town Council	Round 5 Main Round	The project will improve access and egress to the primary town centre events space in Newquay to cater for growing complex events as well as developing incubator space for new creative/retail businesses and markets that are available all year round.	£ 499,702.00	South West
North Devon District Council	Round 5 Main Round	The project will deliver a competition and learner swimming pool with deep water capabilities, as part of a new multi-million pound leisure centre. This will provide new all-weather facilities that will be used for lifeguard training to improve the safety on the beaches and as an enhanced wet weather attraction for tourists. This facility will replace the existing leisure centre, due to be closed next year, helping to safeguard existing jobs as the current staff will be transferred to the new centre.	£ 1,500,000.00	South West
Onion Collective CIC	Round 5 Main Round	The project will create a mixed use regeneration and social enterprise development, housing interconnected businesses and social enterprises. There will be workshop and studio spaces, a multi-purpose education and project space, a community workshop, boat owner facilities, offices and tourist accommodation. It will utilise an unused, semi-derelict piece of land to help regenerate the area in response to recent economic shocks	£ 5,000,000.00	South West
SeaGrown Limited	Round 5 Main Round	The project will launch seaweed farming on the Yorkshire coast and will be part of a long-term research and development programme into the most effective methods of open water seaweed aquaculture in the North Sea. It will create an open water seaweed farm and a floating outreach, research and seaweed hatchery and offshore equipment facility. This will engage with and educate visitors on their work, create seed material for the farm and provide a marine research facility for themselves and visiting scientists with the aim to become an established open water seaweed aquaculture company.	£ 472,150.00	Yorkshire & Humber
South Lakeland District Council	Round 5 Main Round	The project will offer new immersive, accessible ways to experience Morecambe Bay through the development of a balanced portfolio of projects. This includes: a large restoration of the derelict Lido and Promenade; promoting cycling and walking in the bay through the creation of new routes, improvements to existing ones and holding family cycling events; providing Trampers for people with disabilities to improve accessibility for disabled ramblers; developing a series of visitor experiences to showcase the Bay and deliver digital training to local businesses to enable them to advertise the routes, attractions and experiences available to visitors.	£ 2,351,200.00	North West
Suffolk Coastal District Council (SCDC)	Round 5 Main Round	The project will regenerate a brownfield site on Felixstowe's south seafront area through a programme of works which include the creation of a multi-purpose visitor destination centre, consisting of a destination café/restaurant, community hub, business support provision and improvements to a historic Grade II Listed and scheduled monument. This project is the second, self-contained, phase of a wider regeneration programme along Felixstowe's south seafront area.	£ 950,000.00	East of England
Sunderland City Council	Round 5 Main Round	The project will redevelop underused historic buildings at Sunderland seafront, using the increased income to develop the capacity of the Coastal Community Team and provide targeted incubator support to small and medium enterprises and entrepreneurs in the creative sector. This will include: Conversion of a historic tram shelter to a tearoom; Conversion of a former seating shelter to a café/restaurant; Conversion of a redundant former toilet block to cafe/restaurant/bar; Installation of electricity plug-in points and upgraded water supplies to caravan park; Construction of 12 beach huts for hire at Seaburn beach.	£ 819,999.79	North East

Project	Funding Round	Description	Award	Region
The Common Space	Round 5 Main Round	The project will create a microbrewery, micro museum, gallery and craft shop on the high street, providing employment, apprenticeship and volunteer opportunities. It will serve and sell local produce and crafts and offer shelf space for artists to rent, with the ambition to become a community hub and a source of local identity. The project also aims to engage people in creative activities and enable local growers, allotment holders and farmers involvement in the product development of beer.	£ 99,000.00	South East
Torrige District Council	Round 5 Main Round	The project will create an interpretation centre and activity hub for nature-based tourism on Northam Burrows. It will provide space for a year-round visitor centre promoting and offering nature-based tourism activities, permanent and temporary exhibition space, a café with a viewing platform, flexible community and office space, a shop, an information desk and facilities for beach users. They will also provide business support for existing and new-start tourism related businesses.	£ 1,200,000.00	South West
Weymouth and Portland Borough Council	Round 5 Main Round	The project will regenerate a run-down area of Weymouth by constructing a centre of excellence for business and enterprise for coastal town small and medium enterprises. This will also include regeneration of parts of the harbour and harbour walkway. The co-working space will provide training and facilities for up to 80 businesses. This will also create new working spaces that will safeguard commercial harbour businesses and provide accessible public space to the peninsula and harbour for the local community and visitors.	£ 3,792,175.00	South West
Wyre Borough Council	Round 5 Main Round	The project will redevelop and modernise Fleetwood market, creating new shared studio space for creative business start-ups and new outdoor space for stalls and an entertainment area. New and existing business will receive training and support. It will also install digital signage to better connect the assets along the Wyre coastline between Cleveleys and Fleetwood, including an interactive trail to be accessed on a mobile device.	£ 772,085.00	North West
Bournemouth Borough Council	Round 5 Reserve List	The project will create an Environmental innovation Hub, as part of a large public realm improvement plan on the Dorset coast that includes eco-accommodation, leisure facilities and improved public lighting. The hub will house a visitor centre that will utilise digital technology to provide an interactive experience, a waste transfer station, back of house management facilities, a catering kiosk, lifeguard control point and public toilets. It will be dedicated to achieving a step change in the reduction and elimination of single-use plastics, complemented by a programme of research and on the ground initiatives to improve public recycling.	£ 2,399,463.00	South West
Dover Town Team	Round 5 Reserve List	The project will rejuvenate the town market square to help re-establish the high street as a leisure destination and increase visitors. This will include improved pedestrian and public transport access, a water feature focal point and small green spaces. The applicant plans to hold year round events in the newly adapted space to help create a hub for connecting the town.	£ 2,441,353.00	South East
Forest of Dean District Council	Round 5 Reserve List	The project will develop safe, attractive transport routes into Lydney Harbour and develop the area as a recreation and tourism destination. This includes upgraded directional and heritage signage, and creating an arts based walking trail and public art. Also minor works to existing buildings for new toilets, a heritage information point and a new modular café unit. Mooring and seating points will be installed and improvements made to transport routes, including cycle routes, enhancing the highway and station approaches and the canal and harbour docks for travel via boat. The project will also develop a community coastal rowing building boat project.	£ 2,099,722.00	South West
Southwold Town Council	Round 5 Reserve List	The project will create an enterprise hub that will house 1 retail unit and 15 business units, including co-working space, to accommodate start-up and existing businesses. It will also establish a Southwold Development Team responsible for implementing initiatives that will improve the economy of the area, including business support and marketing activity.	£ 995,000.00	East of England
Whitehaven Harbour Commissioners	Round 5 Reserve List	The project aims to create a dedicated facility for water sports and recreational activities and storage facilities at Whitehaven Harbour. As well as supporting coastal recreational activities, the proposed low carbon CCAC building intends to provide an activity, arts and community centre for wider public use through its multi-functional event and educational space.	£ 2,447,627.00	North West
