

REPORT CORRECTION

Aircraft Type and Registration:	Jabiru UL-450, G-KEVH
Date:	3 April 2019
Location:	Welshpool Airport, Powys, Wales
Information Source:	Record only investigation

Bulletin No: 10/2019, page 71 refers

The original entry was incorrect in that stated that the runway excursion occurred during take off before passing through a hedge. It actually occurred during landing and the aircraft struck a fence. So, the entry has been amended to read:

Runway excursion on landing. The aircraft then struck a fence causing damage to the propeller. There were no injuries.
