Authorized Amendment
Summary/Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.
The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.
The new RA 1160 series provides a regulatory framework to underpin Defence’s increasing appetite for utilising Civ-Operated contracts for Air System operation. The new RA 1164 forms part of that series and offers more coherent regulation for the transfer of Air Systems within the DAE. This is a new RA following an extended NPA period and extensive consultation with targeted elements of the RC. It captures all detail that was held in the previous RA 4401 and MAP-01 Chapter 9.4 and is accompanied by a MAA Form for aircraft allotment.
