##### Action 1:

- **Secretariat to draft the wording for a letter from the Chair thanking Ann Swain for her service to the ESIF Sub Committee.**

#### 5. ERDF National Programme Update

- 5.1. **Graham Watt** presented the national update highlighting key points. A new round of calls has been issued, with a closing date of 30 September 2019. There will be a Coast to Capital launch event on 10 July 2019. The current call will have a streamlined application and outline assessment form. There is still an intention to have a reserve fund later in the year.

#### 6. General Update on ERDF Applications and Calls

- 6.1 **Tina Collopy** presented the written update and summary tables and went through the narrative by priority axis. **Tina Collopy** updated the ESIF Sub Committee on progress on ERDF projects and current applications. - 6.2 **Tina Collopy** introduced the draft Priority Axis 1 call covering Investment Priority 1b for £641,000 in ERDF grant. The ESIF Sub Committee commented that the call looked quite broad. **Tina Collopy** clarified that the call gives scope for existing projects to extend and that capital projects, though not mentioned specifically, are eligible to apply. It is to be confirmed whether the call will be based on the new LEP boundaries.

##### Action 2:

- **Tina Collopy to confirm whether the proposed Priority Axis 1 Call will be based on the new Coast to Capital LEP boundaries.**

#### 7. Coast to Capital LEP ERDF Update

### STEP-UP

- 10.1 **The Chair** introduced the discussion and reminded ESIF Sub Committee members of the need to declare any interests. No ESIF Sub Committee members declared an interest. **Joanna Wright** introduced the project which had applied under Investment Priority 2.2 Improving the labour market relevance of education and training systems.
- 10.2 The applicant (the University of Brighton) is seeking £770,099 in ESF grant to deliver an SME training engagement programme using a LEP-wide partnership to deliver graduate internships for SME growth, skills enhancement and knowledge investment. The assessment showed good value for the proposal.
- 10.3 The ESIF Sub Committee was of the view that the project had strategic fit. ### Action 4:

- **Joanna Wright to reply to the Chair (copying in Claire Witz) with further information about the STEP-UP project, addressing questions around length of internships, convertibility and geographical reach.**

## 11. ESF Draft Calls

- 11.1 **Claire Witz** introduced the discussion of the Digital Skills draft call. As a number of ESIF Sub Committee members may have an interest in applying under the call, it was agreed that the ESIF Sub Committee would discuss the draft specification in general terms but that the **Chair** would give the final advice to the Managing Authority. **Claire Witz** then set out a two-part call that would include some monitoring of the skills needs of businesses in the area
