

# How to apply for an environmental permit Part RSR-B7 – Standard rules to keep radioactive material and accumulate and dispose of radioactive waste following its unintentional receipt and its discovery by the use of an installed radiation detection system

**Please read through this part of the form and the part RSR-B7 guidance notes before you fill it in.**

It should take about one and a half hours to fill in this form.

If you are applying for a new standard rules permit to keep and use radioactive material and accumulate and dispose of radioactive waste following its unintentional receipt and its discovery by the use of an installed radiation detection system, fill in this form, together with parts RSR-A and RSR-F.

If you also want to keep or use any other sealed or unsealed radioactive sources or manage radioactive waste, including any waste that arose because a radioactive item has been melted or processed on your premises, do not use this form. Fill in other, relevant part RSR-B forms.
