

Application for an environmental permit

Part RSR-B1 – Standard facility

Please read through this part of the form and the part RSR-B1 guidance notes before you fill it in.

It will take about 1.5 hours to fill in this form.

If you are applying for a new standard rules permit for a radioactive substances activity involving category 5 sealed sources at a single premises, fill in this part of the form, together with parts RSR-A and RSR-F.

If you want to:

- keep or use category 5 sources as mobile radioactive apparatus or sealed sources which are not category 5, do not use this part – fill in part RSR-B2;

- keep or use open sources or manage radioactive waste also fill in part RSR-B4;
- Convert an existing fixed condition registration to a standard rules permit, do not use this part fill in part RSR-B2.

Contents

- 1 Your confirmations
- 2 How to contact us

1 Your confirmations

1.1 Please tick this box to confirm you have read and understood our Guidance ‘EP-RSR: How to apply for an environmental permit – Part RSR-B1’ dated July 2020

1.2 Please tick this box to confirm that each radioactive source, and all radioactive sources together, that you will keep or use on the premises are within source category 5

1.3 Please tick this box to confirm you have read, understood and are able to meet the rules of the standard rules permit you are applying for

Now fill in part RSR-F.

2 How to contact us

Please send all parts of your filled-in application form and supporting documents to our Radioactive Substances Regulation Permit Support Team as described in form RSR Part-F.

Support:

If you need help filling in this form, please contact the person who sent it to you or contact us using the methods described in Part RSR-F, which is available at:
