

Application for an environmental permit

Part RSR-D2 – Application for transfer of radioactive substances activity permit, including standard permit (sealed sources and radioactive waste sealed sources)

Please read through this part of the form and the part RSR-D2 guidance notes before you fill it in.

It should take less than two hours to fill in this part of the application form.

Fill in this part of the form, together with parts RSR-A and RSR-F, if you are applying to transfer all or part of an existing permit for a radioactive substances activity involving sealed sources and/or waste sealed sources.

All parties to a transfer must co-operate to fill in the form.

You only need to give us details in this application for the parts of the existing permit that will be affected by your proposed changes, although you will need to give us full details of any new permit and permit holder to enable a partial transfer to take place.

Contents

- 1 About the permit
- 2 About the partial transfer
- 3 How to contact us

When filled in, the application form is marked 'OFFICIAL SENSITIVE' in accordance with the Government Protective Marking Scheme. The unauthorised disclosure of the information it contains could facilitate the commission of serious crime – in particular by terrorists. It is for use only by those people within your organisation who need reasonable access to it, to ensure compliance with the conditions of the permit, and trusted contacts who advise you – such as your Radiation Protection Adviser/Radioactive Waste Adviser.

- Do not copy it to other parties without consulting the Environment Agency.
- Lock it in a secure cabinet or container when it is not in use.
- Make those who access it aware of the marking and the need to protect the information from unauthorised disclosure and loss.
- If you move it around, use a sealed envelope and do not mark the envelope 'OFFICIAL SENSITIVE'.
- If you post it, use 'Royal Mail special delivery guaranteed'.
- You should safeguard electronic copies of the data against unauthorised access. You should not email it.
