22 August 2019

Dear Ms Lopez

**THE HORNSEA TWO OFFSHORE WIND FARM ORDER 2016 (“the Order”) –
VARIATION OF DEEMED MARINE LICENCES**

On 7 September 2017 the Secretary of State for Energy and Climate Change granted consent for the Hornsea Two Offshore Wind Farm Order 2016 (“the Order”) which included in Schedule 8 and 10 (generation assets) and Schedule 9 and 11 (transmission assets) four deemed marine licences (DMLs) in accordance with Section 149 of the Planning Act 2008.

The Marine Management Organisation (MMO) received a request from Ørsted to vary the DMLs contained within the Order. On 29 October 2018 the request was received to remove the requirement for a vessel audit sheet from all DMLs, to include the ornithological monitoring condition within schedule 10 and to request the transfer of benefit of the generation DMLs.

On 8 July 2019 an additional variation request was received to update the Maritime and Coastguard Agency’s (MCA) Marine Guidance Note (MGN) reference in all four DMLs.

The MMO has now completed its consideration of these requests and, in exercise of the powers conferred by section 72(3) (d) of the Marine and Coastal Access Act 2009, has varied the DML as detailed in the Notice of Variation enclosed.

Also enclosed is a copy of the varied DMLs.

This documentation is also publicly available on the MMO’s website at www.gov.uk/mmo

In accordance with regulation 3 of The Marine Licensing (Notices Appeals) Regulations 2011, you may appeal the notice of variation to the First-tier Tribunal. If you wish to appeal then in accordance with rule 22(1)(b) of the Tribunal Procedure (First-tier Tribunal)(General Regulatory Chamber) Rules 2009 (SI 2009/1976) you have 28 days from the date of the sending of the notice of variation to send or deliver a notice of appeal to the First-tier Tribunal.

Yours sincerely,

Shanna Paterson
Marine Licensing Case Officer
