**DATE:**

12 August 2020

**COMPANY REGISTRATION NUMBER:**

07791977

**PREVIOUS VARIATIONS:**

22 March 2017 – Variation 1

The Marine Management Organisation (“MMO”) received a request on 20 December 2019 from Doggerbank Offshore Wind Farm Project 3 Projco Limited for a variation to the Deemed Marine Licence (“DML”) contained within Schedule 8 of the Dogger Bank Teesside A & B Offshore Wind Farm Order 2015 (“the Order”).

NOTICE IS HEREBY GIVEN that the MMO varies the DML in relation to the provision of the DML specified in the first column of the table in the Annex to this notice, by replacing the words set out in the second column of that table with the words set out in the third column of that table, in accordance with section 72(3)(d) of the Marine and Coastal Access Act 2009.

This variation has immediate effect from the date of this notice.

In accordance with regulation 3 of The Marine Licensing (Notices Appeals) Regulations 2011, you may appeal the notice of variation to the First-tier Tribunal. If you wish to appeal then in accordance with Rule 22(1)(b) of the Tribunal Procedure (First-tier Tribunal)(General Regulatory Chamber) Rules 2009 (SI 2009/1976) you have 28 days from the date of the sending of this notice to send or deliver a notice of appeal to the First-tier Tribunal.

Signed: *Ellen Mackenzie*  
Name and Position: Ellen Mackenzie, Marine Licensing Case Officer  
Date: 12 August 2020

ANNEX

<i>Provision</i>	<i>Erroneous text</i>	<i>Replacement text</i>
Part 1, Condition 2(2)(a)	“An offshore wind turbine generation station with a gross electric output capacity of up to 1.2 gigawatts comprising up to 200 wind turbine generators each fixed to the seabed by monopole, multi-leg or gravity base type foundations situated within the area enclosed by the points whose co-ordinates are set out in Table 1A (the “array area”);”	“An offshore wind turbine generation station with a gross electric output capacity of more than 100 megawatts comprising up to 200 wind turbine generators each fixed to the seabed by monopole, multi-leg or gravity base type foundations situated within the area enclosed by the points whose co-ordinates are set out in Table 1A (the “array area”);”
Part 1, Condition 2(3)(a)	“The substances or articles authorised for deposit at sea are iron, steel and aluminium;”	“The substances or articles authorised for deposit at sea are iron, steel, aluminium and titanium;”
Part 2, Condition 3(b)	“have a rotor diameter exceeding 215 meters.”	“have a rotor diameter exceeding 280 meters.”
Part 2, Condition 13(1)(a)	“before carrying out any licensed activities, the undertaker informs the MMO of –”	“before any licensed activities or any phase of those activities (insofar as relevant to that activity or phase) are carried out under this licence, the undertaker informs the MMO of –”
Part 2, Condition 14(10)	“At least 10 days before commencement of the licensed activities, the undertaker must submit to the MMO an audit sheet covering all aspects of the construction of the licensed activities or any phase of them. The audit sheet must include details of –	N/A - to be deleted in full.

	<p>(a) loading facilities;</p> <p>(b) vessels;</p> <p>(c) equipment;</p> <p>(d) shipment routes;</p> <p>(e) transport;</p> <p>(f) working schedules; and</p> <p>(g) all components and materials to be used in the construction of the authorised scheme.”</p>	
Part 2, Condition 14(11)	<p>“The audit sheet must be maintained throughout the construction of the authorised scheme (or relevant phase) and must be submitted to the MMO for review at fortnightly intervals during periods of active offshore construction.”</p>	N/A - to be deleted in full.
Part 2, Condition 14(12)	<p>“In the event that the MMO becomes aware that any of the materials on the audit sheet cannot be accounted for, it must require the undertaker to carry out a side-scan sonar survey to plot all obstructions across a reasonable area of search agreed by the MMO where construction works and related activities have been carried out. Local commercial fishing groups must be invited to send a representative to be present during the survey. Any obstructions that the MMO believes to be associated with the authorised scheme must be removed at the undertaker’s expense.”</p>	N/A - to be deleted in full.

Part 2, Condition 14(13)	“As an alternative to the completion of an audit sheet, with written approval from the MMO, the undertaker may introduce a dropped object procedure. If a dropped object procedure is introduced, any dropped objects must be reported to the MMO using the approved dropped object procedure form within 6 hours of the undertaker becoming aware of an incident. On receipt of the dropped object procedure form, the MMO may require relevant surveys to be carried out by the undertaker (such as side-scan sonar), and the MMO may require obstructions to be removed from the seabed at the undertaker’s expense.”	“All dropped objects must be reported to the MMO using the dropped object procedure form as soon as reasonably practicable and in any event within 24 hours of the undertaker becoming aware of an incident. On receipt of the dropped object procedure form, the MMO may require relevant surveys to be carried out by the undertaker (such as side-scan sonar), and the MMO may require obstructions to be removed from the seabed at the undertaker’s expense.”
Part 2, Condition 14(14)	“The undertaker must agree with the MMO, before commencement of works, whether the dropped object procedure or audit sheet is to be used.”	N/A - to be deleted in full.
Part 2, Condition 18(1)(a)	“has given written approval for an emergency response and co-operation plan (“ERCoP”) that includes full details of the emergency response procedures for the construction, operation and decommissioning phases of the authorised scheme in accordance with the MCA recommendations contained in the OREI guidance; and”	“has given written approval for an emergency response and co-operation plan (“ERCoP”) for the authorised scheme in accordance with the MCA recommendations contained in the OREI guidance; and”
Part 2, Condition 18(2)	“The ERCoP must include the identification of a point of contact for emergency response.”	N/A - to be deleted in full.

Part 2, Condition 19(1)	“The undertaker must provide the name and function of any agent or contractor appointed to engage in the licensed activities to the MMO at least 2 weeks before agents, contractors and vessels carry out licensed activities.”	“The undertaker must provide the name and function of any agent or contractor appointed to engage in the licensed activities or any phase of them to the MMO at least 2 weeks before agents, contractors and vessels carry out licensed activities of that phase.”
Part 2, Condition 21(2)(c)	“appropriate surveys of existing ornithological activity inside the areas within the Order limits in which it is proposed to carry out constructions works, and any wider areas where appropriate, which are required to validate predictions in the environmental statement concerning key ornithological interests of relevance to the authorised scheme.”	“appropriate ornithological surveys to validate predictions in the environmental statement concerning key ornithological interests of relevance to the authorised scheme as agreed by the MMO in consultation with the relevant statutory nature conservation body.”
Part 2, Condition 22(2)(c)	“appropriate surveys of ornithological activity inside the areas within the Order limits in which it is proposed to carry out constructions works, and any wider areas where appropriate, dependent on the outcomes of the pre-construction surveys, as agreed by the MMO in consultation with the relevant statutory nature conservation body.”	“appropriate ornithological surveys dependent on the outcomes of the pre-construction surveys, as agreed by the MMO in consultation with the relevant statutory nature conservation body.”
Part 2, Condition 23(2)(a)	“appropriate surveys of ornithological activity inside the areas within the Order limits in which constructions works were carried out, any wider areas where appropriate, which are required to validate predictions in the environmental statement concerning key ornithological interests of relevance to the authorised scheme.”	“appropriate ornithological surveys to validate predictions in the environmental statement concerning key ornithological interests of relevance to the authorised scheme as agreed by the MMO in consultation with the relevant statutory nature conservation body.”
