

# EMPLOYMENT TRIBUNALS

**Claimant:** Mr S Hussain

**Respondent:** Centica Plc

## JUDGMENT

The claimant's application dated 20<sup>th</sup> August 2020 for reconsideration of the judgment sent to the parties on 4<sup>th</sup> August 2020 is refused because there is no reasonable prospect of the original decision being varied or revoked.

## REASONS

1. The claimant states that he provided reasons, an email of 17<sup>th</sup> of March 2020, why his claim should not be struck out. This email was considered at the time. It rehearses the details of what occurred but does not suggest that the dates of employment are incorrect, nor does it bring any claim other than unfair dismissal.
2. The claimant, as he has less than two years continuous service is unable to pursue a claim for unfair dismissal.
3. For this reason, I find there is no reasonable prospect of the decision being overturned
