Dear

I am writing to confirm that we have now completed our search for the information, which you requested on 21st August 2020.

A copy of the information requested is attached.

Highways England is not the Local Council but we are the Highway Authority responsible for the Strategic Road Network. The information we have provided relates to reported injury collisions that have occurred on the Strategic Road Network – in this case the A52 and the circulatory carriageway of the roundabout. Nottinghamshire County Council in this case is the Highway Authority responsible for the local roads approaching the roundabout and they should be approached if you require collision data relating to these roads. We do not hold this information.

We only have detailed Department for Transport validated data to the end of 2018. The 2019 data has not been sent to us yet.

Numbers of vehicles and casualties involved in collisions occurring in 2019 can be found at www.crashmap.co.uk

Most documents supplied by Highways England will be Crown Copyright. Most Crown Copyright information can be re-used under the Open Government Licence. For information about OGL and about re-using Crown Copyright information please see The National Archives website.

If you are unhappy with the way we have handled your request you may ask for an internal review. Our internal review process is available at: <https://www.gov.uk/government/organisations/highways-england/about/complaints-procedure>

If you require a print copy, please phone the Information Line on 0300 123 5000; or e-mail info@highwaysengland.co.uk. You should also contact this email if you wish to complain.

If you are not content with the outcome of the internal review, you have the right to apply directly to the Information Commissioner for a decision. The Information Commissioner can be contacted at:
