

Toolkit for managing carbapenemase-producing Enterobacteriaceae in non-acute and community settings

Annex E: Patient card

Some trusts may provide carbapenemase-producing Enterobacteriaceae carriers with cards such as found below. This card can be cut out and folded in half to fit in a standard wallet.

  <p>Public Health England</p> <p>Important information about carbapenemase-producing Enterobacteriaceae (CPE)</p> <p>Please show this card to health and social care staff if you need to attend a health or social care setting</p>	<p>For the attention of health and social care staff</p> <p>This patient is known to be colonised with CPE. Please follow your local infection control guidelines.</p> <p>For further advice please contact your local infection prevention and control team.</p> <p>Issued: _____</p>
