Department of Health & Social Care

North East: lower tier local authority watchlist – epidemiological charts

Produced 26 October 2020

OFFICIAL SENSITIVE

- This data is provided to Local Authorities by Public Health England for the purpose of monitoring and supporting the management of Covid-19 infections in Local Authorities.
- This data must be protected at all times by the Local Authority in accordance with the Data Protection Act 2018, the requirements of the Data Security & Protection Toolkit, and associated legislation and data security and protection good practice standards.
- This data must not be shared by the Local Authority with any third-party without the written permission of Public Health England.
- This data may only be retained by the Local Authority for 1 year from the date of receipt and must be securely destroyed at the end of this period unless otherwise agreed in writing by Public Health England.
- The Local Authority is responsible for complying with the Information Commissioner's Office 'Anonymisation: Managing Data Protection Risk Code of Practice' and the NHS Digital 'Anonymisation Standard for Publishing Health and Social Care Data' in its uses of this data.
- The Local Authority must report any data security and protection incidents relating to this data to Public Health England within 24 hours of becoming aware of the incident.
- NOTE: The reports are now produced using 2019 ONS population data
- Any questions concerning the use and protection of this data by the Local Authority must be directed to Public Health England at COVID.outbreaksurveillance@phe.gov.uk

Rank	Local Authority	Case Rate (per 100,000)	Number of cases (1 week)
1	Stockton-on-Tees	453.0	894
