

EXPLANATORY MEMORANDUM TO
THE ANIMALS, AQUATIC ANIMAL HEALTH, INVASIVE ALIEN SPECIES,
PLANT PROPAGATING MATERIAL AND SEEDS (AMENDMENT) (EU EXIT)
REGULATIONS 2020

2020 NO. [XXXX]

1. Introduction

- 1.1 This Explanatory Memorandum has been prepared by the Department for Environment, Food and Rural Affairs (“Defra”) and is laid before Parliament by Act.
- 1.2 This Memorandum contains information for the Sifting Committees.

2. Purpose of the instrument

- 2.1 The purpose of this instrument is to ensure that legislation relating to animal and aquatic health, invasive alien species, plant propagating material and seeds remains operable following the Withdrawal Agreement, the Protocol on Ireland / Northern Ireland (“the Protocol”), and recent updates to EU law. The amendments in this instrument are technical in nature with no changes to policy.
- 2.2 The amendments made by this instrument will address deficiencies in domestic legislation including previously made EU Exit legislation, e.g. by removing references to EU institutions that are no longer appropriate; removing obligations to report to, or seek approval from, the European Commission; and removing provisions relating to reciprocal arrangements and provisions that will no longer exist or operate following the end of the transition period.

In addition, the instrument will:

- amend retained EU law;
 - replace references to the EU’s Trade Control and Export System (“TRACES”) with references to the UK’s new system for import notifications and controls, the Imports of Products, Animals, Food and Feed System (IPAFFS);
 - remove transitional measures which expire at the end of the Transition Period;
 - make operability changes to recent amendments to EU law that were settled in the EU too late to be covered by the earlier EU Exit legislation.
 - make reference to the special transitional import arrangements set out in Schedule 5 to the England Trade Regulations or equivalent provisions in the Wales Trade Regulations or the Scotland Trade Regulations, and the new Annex 6 to the Official Controls Regulation (EU) 2017/625;
 - apply a reciprocal approach to the EU, in particular so that EU breed societies are subject to the same recognition and listing process as third country breeding bodies by the UK as the EU is applying to UK breed societies post Transition Period. This is subject to a six month transitional period during which EU breed societies will be automatically listed by the UK;
 - make a few very minor corrections to drafting errors in earlier EU Exit SIs;
- and

- make minor amendments to domestic legislation using section 2(2) of the European Communities Act 1972 in order to ensure regimes can be made operable at the end of the Transition Period.

The EU Exit SIs and EU legislation amended by this instrument are listed in Annex 2.

Explanations

What did any relevant EU law do before exit day?

- 2.3 The regulations and directly applicable EU law amended by this instrument concern the following policy areas: Equine identification; TSE and animal by-products; Livestock identification; Aquatic Animal Health; Exotic animal diseases; Plant varieties and marketing of seed and other plant material; Pet travel; Animal breeding; and Seal Products. The law amended includes earlier EU Exit SIs, which were made in 2018 and 2019 in preparation for leaving the EU.

Why is it being changed?

- 2.4 Since making those earlier EU Exit SIs, a Withdrawal Agreement between the UK and the EU has been signed. It is necessary to update those earlier EU Exit SIs and make further amendments to retained EU law to ensure they function effectively at the end of the Transition Period. Amendments must also be made to reflect the Protocol and to directly applicable EU legislation made during the Transition Period, and to make minor amendments.

What will it now do?

- 2.5 Retained EU law relating to the areas cited at paragraph 7.1 will continue to function at the end of the Transition Period in a similar way to how it did previously. This instrument removes redundant provisions relating to EU law, enables the UK to stand by commitments it has made in the Withdrawal Agreement, changes the identity of the bodies carrying out the specified functions and converts EU procedures to UK procedures, and as appropriate, stands up the Protocol on existing instruments; replaces references to the EU's TRACES system by references to IPAFFS, the UK's new system for import notifications and controls; removes transitional measures which expire at the end of the Transition Period; makes operability changes to recent amendments to EU law following updates to EU legislation; makes reference to special transitional import arrangements; applies a reciprocal approach to the EU to ensure that EU breed societies are subject to the same recognition and listing process as third country breeding bodies by the UK as the EU is applying to UK breed societies following the Transition Period (subject to a six month transitional period during which EU breed societies will be automatically listed by the UK); and corrects a very small number of minor drafting errors in earlier EU Exit SIs. A full explanation of the changes being made by this instrument can be found in section 7 of this Explanatory Memorandum.

3. Matters of special interest to Parliament

Matters of special interest to the Joint Committee on Statutory Instruments

- 3.1 The Livestock (Records, Identification and Movement) (Amendment) (EU Exit) Regulations 2019, the Animal Health, Plant Health, Seeds and Seed Potatoes

4. Extent and Territorial Application

- 4.1 The territorial extent and application of this instrument are as follows:

5. European Convention on Human Rights

- 5.1 As this instrument is subject to negative resolution procedure and does not amend primary legislation, no statement is required.

6. Legislative Context

- 6.1 The European Union (Withdrawal) Act 2018 incorporates EU law as it stands at the end of the Transition Period into UK law. Section 8(1) of the Withdrawal Act provides that a Minister of the Crown may, by regulations, make such provision as the Minister considers appropriate to prevent, remedy or mitigate any failure of retained EU law to operate effectively or any other deficiency in retained EU law arising from the withdrawal of the United Kingdom from the EU. This includes both EU-derived domestic law and directly applicable EU law. This instrument is accordingly being made to correct relevant legislation to ensure it operates effectively after the end of the Transition Period.

7. Policy background

What is being done and why?

- 7.1 The purpose of this instrument is to ensure that legislation relating to animal and aquatic health, invasive alien species, plant propagating material and seeds remains operable following the Withdrawal Agreement, the Protocol on Ireland / Northern Ireland (“the Protocol”), and recent updates to EU law
- 7.2 This instrument also makes amendments for the purpose of implementing aspects of the Protocol, which forms part of the Withdrawal Agreement. This instrument will place the Protocol as it relates to aspects of EU finance, management and monitoring rules on a legal footing as required at the end of the Transition Period.
- 7.3 Following the end of the Transition Period, GB will no longer have access to the EU’s TRACES system. This instrument addresses that deficiency by replacing references to TRACES by references to IPAFFS, the UK’s new system for import notifications and controls.
- 7.4 This instrument makes reference to the special transitional import arrangements set out in Schedule 5 to the England Trade Regulations or equivalent provisions in the Wales Trade Regulations or the Scotland Trade Regulations, and the new Annex 6 to the Official Controls Regulation (EU) 2017/625.
- 7.5 Animal breeding legislation facilitates trade of pedigree animals, hybrid breeding pigs and germinal products (such as semen and embryos). This instrument will amend the Animal Breeding (Amendment) (EU Exit) Regulations 2019 (“SI 2019/117”) to apply a reciprocal approach to the EU, in particular (subject to transitional arrangements), that EU breed societies are subject to the same recognition and listing process as third country breeding bodies by the UK and as the EU is applying to UK breed societies post Transition Period. This is subject to a six month transitional period during which EU breed societies will be automatically listed by the UK.
- 7.6 This instrument makes only amendments which are legally necessary to achieve its objectives. It represents no changes in policy, and it is not envisaged that any of these amendments will directly impact on businesses or the public.

8. European Union (Withdrawal) Act/Withdrawal of the United Kingdom from the European Union

- 8.1 This instrument is being made using the power in section 8 of the European Union (Withdrawal) Act 2018 in order to address failures of retained EU law to operate

effectively or other deficiencies arising from the withdrawal of the United Kingdom from the European Union. In accordance with the requirements of that Act the Minister has made the relevant statements as detailed in Part 2 of Annex 1 to this Explanatory Memorandum.

9. Consolidation

9.1 Not applicable to this instrument.

10. Consultation outcome

10.1 The amendments in this instrument are technical in nature. There are no policy changes so no public consultation has been undertaken.

10.2 This instrument and the policy reflected in it has been developed in collaboration with Devolved Administration officials.

11. Guidance

11.1 As no policy changes are included in this instrument no guidance specifically related to this instrument is required.

12. Impact

12.1 There is no, or no significant, impact on business, charities or voluntary bodies.

12.2 There is no, or no significant, impact on the public sector.

12.3 A full Impact Assessment has not been prepared for this instrument because this instrument provides for technical amendments to existing legislation.

13. Regulating small business

13.1 This instrument applies to activities that are undertaken by small businesses.

14. Monitoring & review

14.1 The approach to monitoring of this legislation is in continuing dialogue with stakeholders.

Part 2

Statements required when using enabling powers under the European Union (Withdrawal) 2018 Act

1. Sifting statement

- 1.1 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:
- “In my view the Animals, Aquatic Animal Health, Invasive Alien Species, Plant Propagating Material and Seeds (Amendment) (EU Exit) Regulations 2020 should be subject to annulment in pursuance of a resolution of either House of Parliament (i.e. the negative procedure)”.
- 1.2 This is the case because the amendments made by this instrument are the minimum required to ensure that existing domestic legislation remains operable after the end of the Transition Period. The amendments are predominantly technical in nature and do no more than is strictly necessary to ensure that UK law continues to function effectively.

2. Appropriateness statement

- 2.1 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:
- “In my view the Animals, Aquatic Animal Health, Invasive Alien Species, Plant Propagating Material and Seeds (Amendment) (EU Exit) Regulations 2020 does no more than is appropriate”.
- 2.2 This is the case because without this instrument, the EU regulations listed in Annex 2 of this Explanatory Memorandum that are retained in UK law by the European Union (Withdrawal) Act 2018 will not operate effectively after the end of the Transition Period. See section 7 of the main body of this Explanatory Memorandum.

3. Good reasons

- 3.1 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:
- “In my view there are good reasons for the provisions in this instrument, and I have concluded they are a reasonable course of action”.
- 3.2 These are the reasons set at paragraph 7.1 of this Explanatory Memorandum.

4. Equalities

- 4.1 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble, has made the following statement:
- “The instrument does not amend, repeal or revoke a provision or provisions in the Equality Act 2006 or the Equality Act 2010 or subordinate legislation made under those Acts.”
- 4.2 The Parliamentary Under Secretary of State for Rural Affairs and Biosecurity, Lord Gardiner of Kimble, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:
- “In relation to the instrument, I, Lord Gardiner of Kimble, have had due regard to the need to eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010.”.
- 4.3 Little or no impact on equalities is expected.

5. Explanations

- 5.1 The explanations statement has been made in section 2 of the main body of this Explanatory Memorandum.
