## Questions

### Part A: The Pubs Code

#### Question 1

**How well do you think the Pubs Code has operated between 21 July 2016 and 31 March 2019? What evidence do you have to support your view?**

Comments: [Click here to enter text.](#)

#### Question 2

**To what extent do you think the Pubs Code is consistent with the principle of fair and lawful dealing by pub-owning businesses in relation to their tied pub tenants? What evidence do you have to support your view?**

Comments: [Click here to enter text.](#)

#### Question 3

**To what extent do you think the Pubs Code is consistent with the principle that tied pub tenants should not be worse off than they would be if they were not subject to any product or service tie. What evidence do you have to support your view?**

#### Question 4

**What, if anything, do you think needs to change to make the Pubs Code operate more effectively and/or better support the principles?**

Comments: Drinks are far too expensive in pubs and far too cheap in supermarkets. In pubs people socialise and alcohol sales can be controlled to limit sales to those over 18. The same is not true with beer bought in supermarkets. Most pub 'chains' are predatory. They are happy to see pubs close and be converted to housing. Anything that can be done to reduce their power has to be good. In summary, drinks sold in pubs should have much less tax on them and also rates etc reduced, the overall tax position could be made neutral by very much raising the cost of alcohol bought in supermarkets – or perhaps a return made to 'off licences'.

## **Part B: The Pubs Code Adjudicator**

### **Question 5**

**How effective do you think the Pubs Code Adjudicator has been between 2 May 2016 to 31 March 2019 in enforcing the Pubs Code?**

**Please comment in particular on:**

**a) Whether the PCA has sufficient and proper powers to enforce the Code effectively.**

Comments: [Click here to enter text.](#)

**b) How effective the PCA has been in exercising his powers. What has been done well and what do you think could be done differently.**

Comments: [Click here to enter text.](#)

**c) How effective the PCA has been in enforcing the Code. In particular, how effective has the PCA been in undertaking the following:**

- **giving advice and guidance;**
- **investigating non-compliance with the Code;**
- **where non-compliance is found, requiring publication of information, imposing financial penalties or making enforceable recommendations; and**
- **arbitrating disputes under the Code.**

### **Question 6**

**Do you think the regulations relating to costs, fees and financial penalties should be amended? If so, how and why?**

Comments: [Click here to enter text.](#)

## Part C: Pubs Code Regulations

### Question 7

**There are two sets of regulations that relate to the Pubs Code: The Pubs Code etc Regulations 2016<sup>1</sup> and the Pubs Code (Fees, Costs and Financial Penalties) Regulations 2016<sup>2</sup>.**

**You may have commented on some of these provisions in response to questions in parts A and B of this consultation<sup>3</sup>, but please provide any additional views on the regulations. If you think changes are needed to the regulations, please explain why and how you think they should be changed.**

<sup>2</sup> <https://www.legislation.gov.uk/uksi/2016/802/contents/made>

<sup>3</sup> Some elements of the Regulations are covered by review provisions in the SBEE Act 2015, for example, Parts 2 to 10 of the Pubs Code etc Regulations 2016 make up the Pubs Code and must be reviewed under s.46 review provision in the SBEE Act. The review of the Adjudicator set out in s.65 of the SBEE Act states that the review may consider whether it would be desirable to amend regulations about costs, fees and financial penalties.

## Part D: Impact Assessment and other information

### Question 8

The review will consider the key assumptions made in the Impact Assessments<sup>4</sup> which were published alongside the legislation and regulations. This will include wider impacts, non-monetised impacts or unintended consequences of the changes made. Specifically, we plan to consider any related impact on:

- costs to businesses and potential pub closures;
- redistribution of income from pub companies to tenants;
- changes in industry structure or ownership status; and
- wider industry trends such as employment and investment.

We welcome any evidence to support the analysis of these areas, or if there are any other elements of the Impact Assessments you think we should consider revisiting as part of this review.
