

**SCHEDULE – REQUIRED DETAILS OF NOTIFICATIONS**

Name of agreement	Parties	Nature of agreement	Date agreement was made	Health services to which it relates
Operational Arrangements	<p>(1) IHPN (and formerly NHS Confederation until 31 March 2020)</p> <p>(2) Members of IHPN (*note providers may vary and in particular it is noted that the providers listed in Annex B are no longer part of this contract)</p> <p>(3) All CCGs (as listed in part 3 the annex to this table)</p> <p>(4) NHS England</p> <p>(5) All NHS Trusts and foundation Trusts Providers as listed in part 2 of the annex to this notification</p>	Contract to govern the provision of health services listed in the column to the right by IHPN members to support NHS provision of elective care	One provider has signed earlier, the majority of providers have signed on 10 <sup>th</sup> September 2020 and the effect of the agreement is backdated to last month	<p>From 12 March IHPN and its members, together with NHS England, have been enabling co-operative working to take place at a local level to make private sector capacity and resources available to the NHS to deliver services to patients in England and to provide ‘buffer capacity’ to help the NHS cope with the healthcare pressures caused by the Covid-19 pandemic. This process involves local implementation arrangements with one or more IHPN members, either between themselves or involving IHPN and/or one or more NHS bodies.</p> <p>The contract has now moved into a ‘de-escalation phase’ which allows, subject to a degree of NHSE control, for the private operators to begin to carry out a growing amount of non-urgent elective care both for the NHS and for private patients whether self-pay or funded by Private Medical Insurers. Given the reduction in the number of Covid-19 cases the focus of support to the NHS has shifted from the provision of urgent care support to assistance in addressing the backlog of non-urgent care caused by the impact of Covid-19.</p> <p>The NHS also needs to ensure that it secures ongoing value for money from these arrangements whilst it is meeting the whole of the operating costs of the private hospitals, and reflect the levels of predicted use for NHS purposes of the private capacity.</p> <p>Accordingly the following key amendments have been made to the existing contractual arrangement previously notified on 9 April 2020:</p> <ol style="list-style-type: none"> <li>1. Varied terms are to be backdated to various dates from 1 July and apply for the remaining duration of the Contract, which is intended to continue until replaced by a new procured framework contract, or 31 December 2020 whichever is the soonest</li> <li>2. Guaranteed minimum £ value for Private Patient Offset: this has been agreed as a formula based on payments in respect of June so as to give NHS England assurance that the income from the Private Patient Offset will be realised</li> </ol>

Name of agreement	Parties	Nature of agreement	Date agreement was made	Health services to which it relates
				<ol style="list-style-type: none"> <li>3. Mitigation of Qualifying Costs: further provision is made as to the costs which are paid by NHS England, again at the level of principles rather than specific figures</li> <li>4. Release of capacity for private patient activity; confirmation of arrangements to allow a substantially common proportion of capacity to be released from the NHS requirements to reflect planned NHS requirements</li> <li>5. NHSE may trigger return to Peak Surge: provision is made for NHS England to trigger a return to the peak surge provisions of the contract either nationally or locally</li> <li>6. Other operational amendments to deal with how services are to operate in any de-escalation period; removing the cap on Fees payable to clinicians; the definition of NHS work in relation to patient choice provisions; and the accommodation of training for NHS staff</li> <li>7. Services: Unless Peak Surge is reactivated in respect of any or all of the private provider's premises then the services required of the private provider will be: <ul style="list-style-type: none"> <li>• NHS inpatient and outpatient (including full supporting pathology, imaging and other diagnostics) services and urgent and routine elective care and cancer treatment to service users in line with nationally set criteria;</li> <li>• any other services required and agreed locally</li> </ul> </li> </ol>
