Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the surrender in part of an environmental permit.

On 13 February 2019, Avara Avlon Pharma Services Ltd entered into administration with David Rubin and Partners appointed as administrators.

The operator has applied to partially surrender the land on which the pharmaceutical production activities have taken place. They have also applied to remove the Schedule 1 activities associated with the production of pharmaceuticals. The only remaining part of the site will be the effluent treatment plant, and this can only be used for the treatment of non-hazardous waste waters produced on site.

Any changes made as a result of the part surrender are set out in the schedules.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
