Authorized Amendment
Summary/Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.
The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.
As part of the review work to update and improve the 5000 series (MAA/RN/2020/02 refers) the 5700 series of regulations, along with the Manual of Air System Integrity Management (MASIM), has been updated to remove all Guidance material from the RAs and inserted into the MASIM.
The requirements of the Regulations have not fundamentally changed; accordingly, the impact to the TAA, Commodity DTL and supporting DOs will be minimal, necessitating at most only administrative updates of documentation.
