Decision

- (1) The Tribunal determines in accordance with the provisions of Section 27(A) of the 1985 Act, that the sums of £4,553.86 in respect of major roof works, and £885.86 by way of interim service charges, in each case in the service charge year 2019/2020, are reasonable and payable by the Respondent to the Applicant.

Reasons

INTRODUCTION

1. The application received by the Tribunal was dated 21 July 2020 and was for determination of service charges payable by the Respondent lessee to the Applicant landlord, in the service charge year 2019/2020. The Applicant states that Flat 6, 81 Northdown Road, Margate CT9 2RJ (the Property), is a self-contained flat within a converted house of 6 flats and 1 commercial unit.
2. Directions were issued on 3 September 2020, providing for the matter to be determined by way of a paper determination, rather than by an oral hearing, unless a party objected; no such objections have been made and accordingly, the matter is being determined on the papers.
3. The Applicant has provided an electronic bundle of documents to the Tribunal which variously included copies of the application, service charge accounts, specimen lease, the Respondent`s statement of truth, documents and photographs.
4. The lease provided in relation to Flat 6, is a Lease dated 13 May 1992 made between Burnswark Limited (1) Chloe Ronaldson (2) (“the Lease”) for a term of 99 years from 29 September 1987.
5. Due to Covid 19 restrictions, no inspection was carried out in respect of the Property.

WRITTEN REPRESENTATIONS

7. The electronic bundle includes a witness statement made by Simon Stern of the managing agent, Fountayne Managing Limited. In broad terms, the Applicant requests a determination of reasonableness of service charges for the year 29 September 2019 to 28 September 2020, variously being interim charges of £885.86 and major roof work costs of £4,553.86. The Applicant submits that the interim service charge demanded includes :-
- Communal cleaning - $£780.00 \times 16.67\% = £130.00$
- Communal lighting - $£250.00 \times 16.67\% = £41.60$
- Fire prevention system - $£570.00 \times 16.67\% = £95.00$
- General maintenance - $£750.00 \times 14.29\% = £107.14$
- Roof report & maintenance - $£250.00 \times 14.29\% = £35.71$
- Insurance premium - $£850.00 \times 14.29\% = £121.42$
- Accounts - $£540.00 \times 14.29\% = £77.14$
- Management fee - $£1,700.00 \times 14.29\% = £242.85$
- PPS (out of hours call centre) - $£245.00 \times 14.29\% = £35.00$
8. The Applicant explains that the proportions attributable to the Property are variable either at 14.29% or 16.67%, given that the commercial premises do not contribute to service costs for internal communal residential areas of the building. The Applicant says that despite being demanded, no sums have been paid by the Respondents for the above service charge amounts. The Applicant further states that Clause 2(xiii)(b) of the Lease entitles her to request monies on account and that in regard to major works, these arose following part of the roof having been stripped off by extremely strong winds. The Applicant says that temporary covering was put in place whilst builders were consulted regarding the extent of necessary works; water ingress then started to occur to the top flat, following which Margate Council served an Improvement Notice in respect of the required roof repair.
9. The Applicant further submits that it arranged for several roofers to inspect and also enquiries were made regarding insurance cover for the costs, but were refused on the basis that the damage was due to wear and tear. The Applicant stated that Section 20

consultation notices were served on the lessees. The Applicant further stated that three quotations were obtained and that the cheapest tenderer was selected to do the work.

10. The Respondent appears to have provided no statement, response or challenge in relation to the application, notwithstanding the requirements of the directions issued in the matter.

CONSIDERATION

11. The Tribunal, have taken into account all the case papers in the bundle.
12. The issue for determination under Section 27A of the 1985 Act is as to whether or not the interim & major works service charges in 2019/2020, are reasonable and payable.
13. In regard to both the interim service charge and major works sums, the Tribunal notes that the Respondent has made no response to the application or provided any statement to contradict any part of the claim. In regard to the amounts proposed, the Tribunal notes that these were raised by the new managing agents during the early period of their appointment and, as budget or estimated figures, the Tribunal considers them to be not wholly unreasonable, particularly in the absence of any specific challenge, provision of comparables or other evidence to the contrary. The Tribunal further notes that the budget items are within the landlord`s obligations under the Lease which provides at Clause 2(xiii)(b) for payments to cover estimated costs.
14. In regard to the major roof works, the Respondent has not made any challenge to the Section 20 consultation process. It appears that an attempt was made by the Applicant to pursue a claim against insurers, but that this was rejected on the ground that the work was due to wear and tear. The Tribunal further notes that the roof damage also appears to have occurred prior to the date when Hunters took over as managing agents.
15. The Applicant confirmed at paragraph number 20 of its statement at Page 82 of the bundle that three quotations had been obtained, that VAT had been added as well as 10% & VAT for their inspections and supervision, and that in consequence, the total cost was £31,876.44, of which the 14.29% share attributable to the Property was £4,553.86. The lowest tender appears to have been selected and in the absence of challenge, or further or other evidence to the contrary, the Tribunal considers the above costs to be reasonable and payable.
