# Yorkshire and Humber: lower tier local authority watchlist – epidemiological charts

Produced 07 December 2020

## NOTES

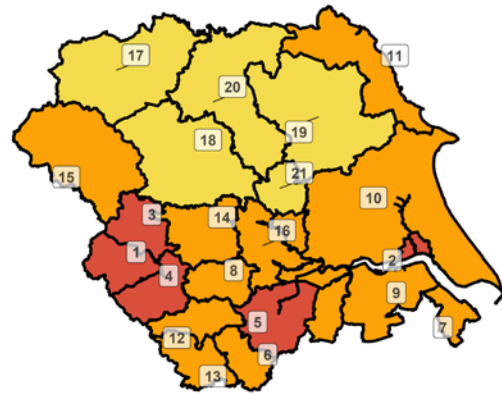

- This data is provided by Public Health England for the purpose of monitoring and supporting the management of Covid-19 infections in Local Authorities.
- The reports are produced using 2019 ONS population data
- If you would like to know the weekly trend for the case rate charts and persons tested chart please see Lower-tier local authority watchlist.
- The age pyramid charts have been replaced by age heatmaps to provide a clearer understanding of the cases by age over time.
- The age heatmap range is now 0-500+ due to the decrease in case rates across England.

# Weekly case rate per 100,000 population by local authority: 26 Nov to 02 Dec 2020

Yorkshire and Humber  
 COVID-19 cases: 26 Nov to 02 Dec 2020  
 Weekly case rates per 100,000 population by local authority

Rank	Local Authority	Case Rate (per 100,000)	Number of cases (1 week)
1	Calderdale	220.4	466
2	Kingston upon Hull, City of	215.2	559
3	Bradford	210.3	1135
