---

[i] As defined in RA 1160 – The Defence Air Environment Operating Framework.
[ii] Insert Manufacturer, Model, Type and any other relevant details (such that the RPAS being operated can be positively identified eg ACME SuperDrone 1-23; ACE Mini 20.2 x 16 x 5.5; etc).
[iii] Use a separate entry for each RPAS variant; if more than four variants, then continue on a separate sheet.
[iv] Defined in RA 1600 – Remotely Piloted Air Systems.
[v] Indicate whether an MAA RPAS Letter of Endorsed Categorization has already been issued or applied for.
[vi] Defined in RA 2370(3): Test and Evaluation Activity.
[vii] Refer to RA 1031(2): RPAS AM (for new applications, this will be the proposed RPAS AM).
[viii] Refer to RA 1031(3): Approval.
