

EMPLOYMENT TRIBUNALS

Claimant: Ms Tompkins

Respondent: Centaur Retail Travel Europe Limited

JUDGMENT

The claimant's application dated **21 June 2020** for reconsideration of the judgment sent to the parties on **06 March 2020** is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked, because the application discloses no basis on which it could be said that reconsideration is necessary in the interests of justice. In reaching that conclusion, I have had regard in particular to the following matters:

1. The decision in respect of which reconsideration is sought was made at a hearing in which the claimant participated fully.
2. The basis on which the application for reconsideration is made is unclear.
3. The claimant has submitted, in support of her application for reconsideration, two statements from witnesses who gave evidence at the hearing of her claim and whose evidence was considered at that time. If it is being suggested that these statements contain new evidence then this is plainly evidence that could have been produced at the time of the hearing and would not warrant reconsideration.
4. The interests of justice include the public interest in finality of litigation save where there are circumstances that warrant departing from that principle. The application discloses no basis for departing from that principle.
