# JUDGMENT

The Claimant's complaints of discrimination arising from disability and victimisation fail and are dismissed. The claimant's complaint of unfair dismissal had previously been struck out due to the claimant not having the necessary length of service. The issue for the Tribunal was not therefore whether he had been treated fairly. The claimant's dismissals on 24 March and 17 July 2020 were not related to anything which arose from the claimant's disability. Nor was the latter dismissal because the claimant had brought Tribunal proceedings.
