Poultrymeat import quota

Introduction

This notice is to tell you about the quantities available for the next round of Poultrymeat import quotas under Commission Regulation (EC) No. 616/2007 for the sub period 1 January 2020 to 31 March 2020.

The products and quantities available are detailed in Annex 1 attached.

Information for businesses on what will happen if the UK leaves the EU without a deal.

The UK will be leaving the EU on 31 October whatever the circumstances. The Government is committed to respecting the referendum result.

The Government would prefer to leave with a deal and will work in an energetic and determined way to get that better deal.

If it is not possible to reach a deal the UK will have to leave with no deal.

In the event the UK leaves the EU without a deal all tariff rate quota licences, issued by the Rural Payments Agency, will become invalid for importing into the EU. To mitigate UK business impacts, the UK will honour licences issued by RPA before 31 October 2019, for importing goods into the UK only.

However, please note the UK **will not** be able to honour licences for the following order numbers:

Country	Group No.	Order No.
Other than China	6C	09.4266 09.4267
Erga Omnes	6D	09.4268
China	9	09.4269
China	10	09.4283

In the event the UK leaves the EU without a deal all import rights issued by the Rural Payments Agency will be invalid and the securities released.

The application period

For the sub period 1 January 2020 to 31 March 2020 you may apply for import licences and import rights between 1 October 2019 and midnight on 7 October 2019.

It is your responsibility to check that the application and all additional documentation is correct at the time of submission.

Note: We will reject any applications (including supporting documents), securities received after midnight on 7 October 2019 or proof of trade received after 5pm on 7 October 2019.

Proof of trade

If it is your first application of the quota year you must provide evidence to show that you imported at least 50 tonnes (non group 5A or 5B) or 250 tonnes (Group 5A or 5B) of product covered by Annex I part XX to Regulation (EC) No. 1234/2007, or of salted poultrymeat under CN code 0210 9939, during:

- the 12 month period immediately prior to the time of your application; and
- the 12 month period immediately prior to that.

Note: We will reject your application if there is not enough tonnage to qualify.

You must supply the original import document (C88) form, or a copy certified as a 'true copy' of the original stamped by Customs. We will not accept photocopies of the Customs stamp or scanned versions of these documents.

Proof of trade - processors (non Group 5A or 5B)

If you are a processor you must provide evidence to show that during both the 12 month period immediately prior to your application and the 12 month period immediately prior to that, you processed at least 1,000 tonnes of:

- poultrymeat under CN code 0207 or 0210 to produce preparations of poultrymeat of CN code 1602; or
- homogenised preparations of preparations under CN code 1602 1000 that contain no other meat than poultrymeat.

You must provide processing records that prove receipt and processing of the raw material into one of the accepted preparations. Proof of processing should consist of a spreadsheet containing the following information:

- the delivery dates of the raw product;

- a description of the raw product;
- the quantity of the raw product; and
- a description of the end product.

In addition to the spreadsheet the following proof is also required:

- commercial documents in the form of production records (cooking/processing records) to prove that processing of the quantity of poultrymeat entered on the spreadsheet took place within the two qualifying 12 month periods; and
- a covering letter confirming the CN codes of the raw product and processed product.

You only need to send a selection of processing records spanning the two 12 month periods with your application. You should keep the remaining records available at the processing establishment for us to verify at a later date.

Supporting documents
