Introduction

This notice explains how the rules are applied to this quota and how to apply for a licence. It also advises you of the quota amounts available in the October quota period for semi milled, wholly milled, husked and broken rice. Details of the quantities available are outlined in Annex 1 of this notice.

Important: You will find information relating to the UK's departure from the EU in the **Issuing Licences** section of this notice. This explains what will happen to your licence in the event of the UK leaving the EU without a deal.

Proof of Trade

The following must be supplied to be eligible for a rice quota licence. If you do not have proof of trade as detailed below, you are not eligible and cannot apply.

You must be established and registered for VAT in the Member State where you apply. You must inform us of your current VAT registration number, which can be provided on the quota licence application. However, if your company is part of a group VAT registration number then we require a hardcopy of your current VAT certificate to be received before the quota deadline.

If this is your first application of the quota year, you must provide evidence to prove that you have imported rice at least once during:

- The 12 month period immediately prior to the time of application; and
- The 12 month period immediately prior to that.

HMRC agents or representatives cannot apply for import licences under these quota arrangements.

Note: For details of the full procedures on providing proof of trade and applying for licences, please refer to [Notice to Traders 26/18](#). If you do not follow the rules of the scheme, your application will be rejected.

Issuing Licences

applied for). Where this reduces the quantity to be issued to less than 20 tonnes lots will be drawn.

If your licence quantity has been reduced to less than 20 tonnes, you may withdraw your licence application within 2 working days of when the reduction is set.

When we have been notified by the Commission of the quantity of quota allocated, we will issue a licence within 3 working days.

Your licence will have a 5% upward tolerance. However, the reduction in duty will only be valid for the quantities shown in sections 17 and 18 of your licence.

Import licences will be valid from the day of issue plus either two or three months. Further details can be found in the relevant quota section of Annex 1 to this notice. Where an electronic licence is issued an email can be sent to inform you of its issue. To receive this email notification you must have already completed the 'Email Acknowledgements' form il3.

Information for businesses on what will happen if the UK leaves the EU without a deal.

The UK will be leaving the EU on 31 October whatever the circumstances. The government is committed to respecting the referendum result.

The government would prefer to leave with a deal and will work in an energetic and determined way to get that better deal.

If it is not possible to reach a deal the UK will have to leave with no deal.

In the event of the UK leaving the EU without a deal, all tariff rate quota licences, issued by the Rural Payments Agency, will become invalid for importing into the EU.

To mitigate UK business impacts, the UK will honour RPA issued licences, valid beyond 31 October 2019 for importing goods into the UK only.
