Notice to traders 22/19

Poultrymeat import quota

Introduction

The quantities available for the next round of poultrymeat import quotas are detailed in Annex 1 attached.

Important: You will find information relating to the UK leaving the EU in the **Licence Validity** section of this notice. This explains what would happen to your licence in the event of the UK leaving the EU without a deal.

The application period

For the subperiod 1 October 2019 to 31 December 2019, you may apply for import licences between 1 September 2019 and 12 noon on 6 September 2019.

It is your responsibility to ensure the application and all additional documentation is correct at the time of submission.

Note: We will reject any applications (including supporting documents), securities received after 12 noon on 6 September 2019 or proof of trade received after 5pm on 6 September 2019.

Proof of trade

If it is your first application of the quota year you must provide evidence to show that you imported or exported at least 50 tonnes of product covered by Annex I, part XX to Regulation (EC) No 1234/2007 during:

- the 12 month period immediately prior to the time of your application; and
- the 12 month period immediately prior to that.

Note: We will reject your application if there is not enough to qualify.

You must supply the original import document (C88) form or a copy certified as a 'true copy' of the original stamped by Customs. We will not accept photocopies of the Customs stamp or scanned versions of these documents.

We do not require endorsed C88 documents for electronic licence attributions. Instead you need to provide:

- a schedule detailing the licence number;
- the date of import;
- weight of attribution; and
- the import entry number for each electronic attribution.

To request endorsement of a declaration at the time of entry, you should enter the code 'CAP11' in box 44 of your declaration. You do not need to enter any additional text with this code.

You must fax a copy of the entry and any supporting documents (clearly marked as 'request for endorsement') to the HM Revenue Customs (HMRC) National Clearance Hub (NCH): 0800 496 0699.

You can e-mail the HMRC National Clearance Hub at nch@hmrc.gov.uk.

C88s which were not endorsed at the time of import should be sent for endorsement to:

Freepost RRBK-CGRL-RCUA
Route 3 Team - GATT Copies
HM Revenue and Customs
National Clearance Hub
Custom House
Furness Quay
Salford
M50 3ZZ

Tel: 0161 261 5023

You should only ask HMRC to endorse the number of copy entries necessary for the relevant regulation. If you send more copies than is necessary it may delay the return of endorsed copy entries.

Supporting documents

If it is your first application of the quota year you must send us a valid VAT certificate when submitting your application. If you are registered as part of a group you must provide a valid VAT certificate that lists each company within the group.

If you are applying under order numbers 09.4410, 09.4411 or 09.4420 your application must be accompanied by a supply contract specifying that the poultry supplies requested are available for delivery within the European Union during the quota period from the origin and for the quantity requested.

We will not accept any amendments to block guarantees after the application period has closed, including cross reference amendments.

Licence validity

Information for businesses on what will happen if the UK leaves the EU without a deal

On 31 October 2019, the United Kingdom will leave the EU.

In the event of no deal, all tariff quota licences, issued by the Rural Payments Agency, will be invalid for importing into the EU.

To mitigate UK business impacts, the UK will honour RPA issued licences, valid beyond 31 October 2019 for importing goods into the UK.

Release of security

You must return your paper licences within **45 days** of the expiry date or you will forfeit your security.

Security against the main electronic licence (excluding extracts) will be released automatically upon attribution of at least 95% of the licence quantity.

Transfer of rights

The rights of a licence may only be transferred to companies that have satisfied the proof of trade requirements detailed in this notice. The rights of a licence can only be transferred once, to the nominated transferee. Further transfers of rights are not permitted, other than to transfer the rights back to the original licence holder.

Animal and public health

To protect animal and public health, all products of animal origin may be subject to veterinary conditions or restrictions. You can call the Animal and Plant Health Agency Carlisle on 01228 403600 for advice on whether and under what conditions imports are allowed.
