- the signatory to this document has the authority of the applicant organisation named below and in whose name the application is being made to make this declaration and to submit the application and accompanying information (we would typically expect this to be a director or other person authorised by way of power of attorney and may request evidence of authority)";
- the information submitted in our OWMIS application form and accompanying information has been completed honestly and accurately to the best of our knowledge;
- We will be required to certify the integrity of our OWMIS application at various future points;
- if our OWMIS application form and accompanying information is found to be intentionally misleading or fraudulent, it will be rejected from the application process and further action may be taken against us;

In particular, We agree that BEIS and their advisors are not liable for any errors, omissions or other deficiencies in the OWMIS applicant guidance or the OWMIS application form and shall not be liable for any loss, injury or damage of any kind caused by its use;
- We are providing authorisation for our commercially sensitive information to be submitted to BEIS and its advisors, namely details of our current or proposed project and the details of our application;
- in case of any disclosure of personal data, relevant persons have been informed about the sharing of their data with BEIS and its advisors and their prior authorisation (e.g. consent) was obtained as it is required by law;
