

## RA 2335 Form 5: Public Display Authority Form

RA 2335 Form 5 **should** be completed for military Aircrew that will conduct Display Flying. It may also be used for Role Demonstrations when deemed appropriate. The completed PDA Form **should** be carried by the display pilot, made available to the Flying Display Director (FDD) and copied to the Military Aviation Authority (MAA) via email: [DSA-MAA-Display-Forms@mod.gov.uk](mailto:DSA-MAA-Display-Forms@mod.gov.uk)

*Aircrew rank and full name* is authorized to conduct the Display Sequence(s) detailed below in the *Air System Type and Mark* for the period from        to        in accordance with RA 2335<sup>1</sup>.

1. **Occasion for PDA:** eg Display Season 2020 as part of the BBMF
2. **Display Team Name:**

### 3. Display Sequence and Limitations

- a. Full Display Sequence<sup>2</sup>:

- (1) Name of Sequence:

(2) Description of Sequence:

(3) Weather Minima<sup>3</sup>:                      Visibility:                      Cloud Base:

(4) Display Duration<sup>4</sup>:                      minutes                      seconds

(5) Minimum Height:

(6) Maximum Speed:

- b. Limited Display (if required)<sup>5</sup>:

- (1) Name of Sequence:

(2) Description of Sequence:

(3) Weather Minima<sup>3</sup>:                      Visibility:                      Cloud Base:

(4) Display Duration<sup>4</sup>:                      minutes                      seconds

(5) Minimum Height:

(6) Maximum Speed:

4. Minimum Heights:
  - a. Aerobic Manoeuvres: Insert minimum height / MSD or N/A
  - b. Non-Aerobic Manoeuvres: Insert minimum height / MSD or N/A
  - c. Wings Level Passes (<20° AOB): Insert minimum height / MSD or N/A

<sup>1</sup> Single occasion, a specific period or for an entire Flying Display Season.

<sup>2</sup> Including a description of each manoeuvre and its associated minima (heights and speeds).

<sup>3</sup> Absolute weather minima are detailed in RA 2335. More stringent weather minima may be imposed on specific full and limited Display Sequences and must be noted on this Public Display Authority Form.

<sup>4</sup> Include durations as applicable from airborne start to finish and / or from take-off to landing as appropriate.

<sup>5</sup> Includes non-aerobatic and 'flat' aerobatic displays where the minima differ from the full Display Sequence.

5. **Permitted Modifications to Display Sequence(s) and Approved Basic Manoeuvres:**

Detail modifications permitted or insert N/A
