

EXPLANATORY MEMORANDUM TO
THE CRIMINAL JUSTICE (ELECTRONIC COMMERCE) (AMENDMENT) (EU EXIT) REGULATIONS 2021 No. [XXXX]

1. Introduction

- 1.1 This explanatory memorandum has been prepared by the Ministry of Justice and is laid before Parliament by Act.

2. Purpose of the instrument

- 2.1 This instrument is made using powers in the European Union (Withdrawal) Act 2018 (“the Withdrawal Act”). Its purpose is to address failures in retained EU law to operate effectively and other deficiencies arising from the withdrawal of the UK from the EU by amending the domestic legislation which implements a reciprocal arrangement known as the ‘Country of Origin principle’ (“CoOp”). This arrangement is set out in Directive 2000/31/EC of the European Parliament and of the Council of 8 June 2000 on certain legal aspects of information society services (“ISS”), in particular electronic commerce, in the Internal Market, known as the E-Commerce Directive (“eCD”).

Explanations

What did any relevant EU law do before exit day?

- 2.2 The e-Commerce Directive¹ (eCD) applies to all EEA states (including EU member states), with the aim of simplifying rules for companies when operating online across borders. These rules apply to companies which meet the definition of ‘information society services’ (ISS), which the directive defines as any service that is normally provided:

- for payment, including indirect payment such as advertising revenue
- ‘at a distance’ (where customers can use the service without the provider being present)
- by electronic means, and
- at the individual request of a recipient of the service

This covers the vast majority of online service providers, for example online retailers, video sharing sites, search tools, social media platforms and internet service providers.

- 2.3 A key aspect of this is the eCD’s CoOp, a reciprocal relationship which makes an EEA-established ISS liable (for relevant offences) only to the laws of the state in which it is established, rather than being subject to the laws of each state it operates in. This aims to make it simpler for an ISS to operate across borders, as they need only conform with

¹ Directive 2000/31/EC of the European Parliament and of the Council of 8 June 2000 on certain legal aspects of information society services, in particular electronic commerce, in the Internal Market (‘Directive on electronic commerce’).

one set of laws across multiple EEA countries, at least for relevant offences. The CoOp relies on reciprocity between EEA states, which ceased following the end of the Transition Period. Although we are not aware of any prosecutions of ISS for the offences MoJ is responsible for which implement the CoOp, and this instrument was deprioritised to ensure more urgent measures were in place ahead of the end of the Transition Period, it would be inappropriate to retain the CoOp implementation indefinitely, now the reciprocity it relies on has ceased. This instrument therefore removes implementation of the CoOp from a number of criminal justice offences. However, this instrument does not alter the nature of the offences in any way, it only removes the CoOp's jurisdictional rules from ISS operating online across borders.

Why is it being changed?

- 2.5 At present, UK-established ISS are liable for UK offences which implement the CoOp when operating in the EEA. This is in addition to having to adhere to the laws of each individual EEA country and creates a dual legislative burden which arguably puts UK ISS at a competitive disadvantage. Conversely, EEA-established ISS operating in the UK can only be prosecuted for offences which include CoOp implementation if a procedural gateway for instigating proceedings is met. Due to the absence of prosecutions of ISS for the offences in question, these are arguably 'theoretical' rather than real problems. However, it is important to treat all ISS, irrespective of where they are established, in a consistent way.

What will it now do?

- 2.6 The effect of removing the CoOp from all the criminal justice legislation listed in paragraph 6.2 is to:
- a) remove the extension of liability for UK-established ISS for the relevant offences, so that their conduct in EEA states is only liable to the laws of the EEA state where that conduct occurs; and
 - b) remove a procedural gateway, which needs to be met before prosecutions can be brought against EEA established ISS when operating in the UK.

The core offences and penalties are not themselves changed in any way.

3. Matters of special interest to Parliament

Matters of special interest to the Sifting Committees

- 3.1 None.
- 3.2 This instrument is being laid for sifting by the Sifting Committees.

Matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business (English Votes for English Laws)

- 3.3 As it is proposed that the instrument is subject to the negative resolution procedure, there are no matters relevant to Standing Orders Nos. 83P and 83T of the Standing Orders of the House of Commons relating to Public Business at this stage.

4. Extent and Territorial Application

- 4.1 The territorial extent and application of this instrument varies between provisions. An amendment made by this instrument has the same extent and application as the provision amended. Regulation 4 extends to the UK; Regulations 5,6,7, and 9 extend to England, Wales and Northern Ireland; Regulations 3, 8 and 10 extends to England and Wales. This instrument amends or revokes retained EU law with varying territorial extent, including provision extending to Northern Ireland and Scotland. In each case, this instrument amends or revokes that provision in respect of its full territorial extent. The subject matter of this instrument is considered a reserved.

5. European Convention on Human Rights

- 5.1 The Parliamentary Under-Secretary of State for Justice, Alex Chalk MP, has made the following statement regarding Human Rights:

“In my view the provisions of the Criminal Justice (Electronic Commerce) (Amendment) (EU Exit) Regulations 2021 are compatible with the Convention rights.”

6. Legislative Context

- 6.1 These Regulations are made in exercise of the powers in section 8 of the Withdrawal Act 2018 in order to address failures of retained EU law to operate effectively and other deficiencies arising from the withdrawal of the UK from the EU. It makes appropriate provision to correct deficiencies arising from withdrawal.

- 6.2 As noted in paragraph 2.2 above, the CoOp, which provides for a reciprocal arrangement between the UK and other EEA states, ceased to operate as intended following the end of the Transition Period. The CoOp is implemented in a number of criminal justice legislative instruments. This Instrument amends the following eight pieces of legislation, all of which implement the CoOp in a similar way:

- Children and Young Persons Act 1933 – Schedule 1A.
- Youth Justice and Criminal Evidence Act 1999 - Schedule 2A.
- Female Genital Mutilation Act 2003 – Schedule 1.
- Criminal Justice and Immigration Act 2008 – Schedule 14.
- Coroners and Justice Act 2009 – Schedule 12 and 13.
- Criminal Justice and Courts Act 2015 – Schedule 8.
- Serious Crime Act 2015 – Schedule 3.
- Electronic Commerce Directive (Hatred Against Persons on Religious Grounds or the Grounds of Sexual Orientation) Regulations 2010 (SI 2010/894).

7. Policy background

What is being done and why?

- 7.1 Following the end of the Transition Period, the eCD no longer applies in the UK. Although the UK continues to align with aspects of the policy approach taken in the eCD, including provisions on liability of intermediary service providers and general monitoring, this is not the case for the CoOp, which provides a reciprocal arrangement for ISS operating in the EEA. As the CoOp relies on reciprocity, which no longer exists, implementing legislation no longer functions as intended. This Instrument therefore removes implementation of the CoOp from a range of criminal justice offences. However, this instrument does not alter the nature of the offences in any way, nor is the MoJ aware of any prosecutions of ISS for these offences.
- 7.2 As it stands, implementation of the CoOp sets a procedural gateway for prosecutions against EEA established ISS for certain offences in the UK. It also makes UK-established ISS operating in the EEA liable for certain offences under UK law in respect of their conduct in other EEA countries. Failing to bring forward these amendments to remove the CoOp from relevant legislation will maintain:
- i) **A dual legislative burden for UK-established ISS when operating in the EEA.** This occurs because UK-established ISS remain liable under UK law for their conduct when operating in EEA states, but they no longer benefit from the restriction on prosecutions being instigated against them in those states for the same conduct. This has the effect of requiring UK-established ISS to adhere both to UK law and the law of the EEA state they are operating in.
 - ii) **A gap in liability for EEA-established ISS when operating in the UK.** This occurs because retaining the procedural gateway for prosecution proceedings against EEA-established ISS while they are no longer subject to the law of their home country for their conduct in the UK means they may not be fully accountable under either legal system.
- 7.3 The amendments will fully remove implementation of the CoOp from the offences identified and address the failure in retained EU law referred to in paragraph 7.2. This will establish a fairer and clearer system, ensuring ISS will be treated in the same way, irrespective of whether they are established in the UK, the EEA or another foreign country.

8. European Union (Withdrawal) Act/Withdrawal of the United Kingdom from the European Union

- 8.1 This Instrument is being made using the power in section 8 of the Withdrawal Act 2018 in order to address failures of retained EU law to operate effectively or other deficiencies arising from the withdrawal of the United Kingdom from the European Union. In accordance with the requirements of that Act the Minister has made the relevant statements as detailed in Part 2 of the Annex to this Explanatory Memorandum.

9. Consolidation

9.1 There are no current plans to consolidate the legislation amended by this instrument.

10. Consultation outcome

10.1 There has been no formal consultation on this Instrument. The amendments are a consequence of EU Exit and made under powers in the Withdrawal Act to fix deficiencies resulting from Exit. There is a very limited scope of alternative options to amending the relevant legislation and we judge that our amendments will produce a clearly preferable outcome as compared to ‘doing nothing’ and leaving the legislation as it is.

10.2 DCMS published guidance on how the eCD will operate following the end of the TP (see para 11.1 below).

11. Guidance

11.1 The MoJ has no plans to produce guidance on this Instrument, not least because we are unaware of any prosecutions of ISS for the offences being amended. Government guidance on how the eCD will operate in a no deal scenario, which broadly sets out the approach taken in these amendments, was published by the DCMS and is available at: <https://www.gov.uk/guidance/the-ecommerce-directive-and-the-uk>

12. Impact

12.1 There is no significant, impact on business, charities, voluntary bodies, nor the public sector.

12.2 An Impact Assessment has not been prepared for this instrument because the impact will be minimal. The amendments to domestic legislation in this instrument merely correct EU exit related deficiencies. We are not aware of any prosecutions of ISS for these offences, let alone any use of the CoOp’s jurisdictional rules this instrument will remove.

13. Regulating small business

13.1 The legislation applies to activities that are undertaken by small businesses.

13.2 No specific action is proposed as the legislation reduces the regulatory burden on UK businesses operating abroad. There will be a small increase on the regulatory burden for EEA-established ISS operating in the UK but this only brings them in line with UK ISS and non-EEA ISS. Generally, because of the lack of prosecutions, the impacts on small business will be minimal.

14. Monitoring & review

- 14.1 As this instrument is made under the EU Withdrawal Act 2018, no review clause is required.

15. Contact

- 15.1 Jon Burland at the Ministry of Justice Telephone: 07732 648541 or email: jon.burland1@justice.gov.uk can be contacted with any queries regarding the instrument.
- 15.2 Kristen Tiley, Deputy Director, at the Ministry of Justice can confirm that this Explanatory Memorandum meets the required standard.
- 15.3 Alex Chalk MP, Parliamentary Under Secretary of State at the Ministry of Justice, can confirm that this Explanatory Memorandum meets the required standard.

Part 2

Statements required when using enabling powers under the European Union (Withdrawal) 2018 Act

1. Sifting statement(s)

- 1.1 The Parliamentary Under Secretary of State, Alex Chalk MP, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

“In my view the Criminal Justice (Electronic Commerce) (Amendment) (EU Exit) Regulations 2021 should be subject to annulment in pursuance of a resolution of either House of Parliament (i.e. the negative procedure)”.

- 1.2 This is the case because: the instrument contains regulations under section 8(1) of the European Union (Withdrawal) Act 2018, but does not fall into the category of regulations identified in paragraph 1(2) of Part 1 of Schedule 7 to the European Union (Withdrawal) Act 2018 as requiring approval in draft by resolution of both Houses of Parliament. This instrument amends legislation that implements a reciprocal arrangement intended to support companies providing information society services to operate across EEA borders. As the reciprocal arrangements on which these measures are based no longer apply to the UK, this instrument simply corrects deficiencies to ensure there is a clear statute book.

2. Appropriateness statement

- 2.1 The Parliamentary Under Secretary of State, Alex Chalk MP, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

“In my view the Criminal Justice (Electronic Commerce) (Amendment) (EU Exit) Regulations 2021 does no more than is appropriate”.

- 2.2 This is the case because: by revoking and amending the legislation that implemented the CoOp as required by the eCD, these Regulations do no more than remedy the deficiencies arising from Exit.

3. Good reasons

- 3.1 The Parliamentary Under Secretary of State, Alex Chalk MP, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

“In my view there are good reasons for the provisions in this instrument, and I have concluded they are a reasonable course of action”.

- 3.2 These are: that the Criminal Justice (Electronic Commerce) (Amendment) (EU Exit) Regulations 2021 amend legislation that implemented the UK’s obligations under the eCD, specifically the CoOp which no longer operate effectively. Further details regarding the reasons are set out in paragraphs 7.1 to 7.3 of this explanatory memorandum.

4. Equalities

- 4.1 The Parliamentary Under Secretary of State, Alex Chalk MP, has made the following statement:

“The draft instrument does not amend, repeal or revoke a provision or provisions in the Equality Act 2006 or the Equality Act 2010 or subordinate legislation made under those Acts.”

- 4.2 The Parliamentary Under Secretary of State, Alex Chalk MP, has made the following statement regarding use of legislative powers in the European Union (Withdrawal) Act 2018:

“In relation to the draft instrument, I, Alex Chalk MP, have had due regard to the need to eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Equality Act 2010.”

5. Explanations

- 5.1 The explanations statement has been made in section 2 of the main body of this explanatory memorandum.
