II. ORIGIN OF THE PRODUCTS

a) Name and address of the manufacturing plant:

III. DESTINATION OF THE PRODUCT

a) The products will be despatched from:

(place of loading)

to: MALAYSIA,

(Country of destination and port of entry)

Import Permit No:

b) Name and address of exporter:

c) Name and address of consignee:

d) Means of transportation:

IV. HEALTH INFORMATION

I, the undersigned, certify that:

- (a) the petfood has been manufactured entirely in the United Kingdom, in a manufacturing facility approved and monitored by the competent veterinary authority of the United Kingdom in accordance with domestic legislation;
- (b) the pet food contains animal protein derived from healthy *fish, *poultry, *cattle, *goats, *sheep, *deer, *swine or *buffalo and not from diseased animals or animals which died from infection or a disease outbreak;
- (c) the petfood does not contain any meat derived from animals affected or suspected of being affected with bovine spongiform encephalopathy (BSE) or scrapie;
- (d) the UK is recognised as having a controlled or negligible BSE risk in accordance with the World Organisation for Animal Health (WOAH) Terrestrial Code;
- (e) specified risk materials (SRM) are removed from bovine, ovine and caprine animals slaughtered in the UK according to the recommendations of the World Organisation for Animal Health (WOAH);
- (f) there has been no outbreak of foot and mouth disease (FMD) or Highly Pathogenic Avian Influenza (HPAI) within a 10 km radius of the manufacturing facility;
- (g) the pet food referred in the certificate has been subjected to the method of sterilisation that complies with IV.(h) requirements, or any other equivalent methods that would ensure destructions of HPAI virus;
- (h) the pet food has been manufactured according to standard processing techniques and has been subjected to heat treatment to reach an internal core temperature of at least 70°C for a period of not less than 30 minutes or to any equivalent treatment which has been demonstrated to kill virus and bacteria;

Import Permit No:

- (i) all reasonable precautions have been taken to prevent contamination of the petfood by pathogens and other harmful material;
- (j) the products were packed and sealed directly into sterilized airtight packing/bags at the manufacturing plant;
- (k) the petfood is safe and fit for animal consumption.
