General comment	<p>My colleagues and co-authors, Dr Esther van Zuuren, Professor Hanno Pijl and Prof Ton Kuijpers, on the van Zuuren et al 2018 Systematic Review which was included in the SAACN are delighted to see the clear and concise summary of our SR.</p> <p>Other than myself the authors reside in Holland and continue to develop our joint interest in a lifestyle approach to diabetes management both locally and internationally</p> <p>I am currently living in the Cambridge area and would be very interested to hear if I could engage further with the project.</p> <p>My contact details are as above</p>
