THE PRIME MINISTER

28 May 2021

Dear Matt,

Thank you for your letter about Lord Geidt's advice to me on your declaration of interests. In that advice, he has made clear that you have acted properly and honestly in promptly making your declaration and diligently seeking advice. I also note and agree with Lord Geidt's view that this event should in no way impugn your good character or ministerial record. I do not consider that any further action is required.

Yours ever  
Boris

The Right Honourable Matt Hancock MP
