

PUBLIC NOTICE
THE PETROLEUM ACT 1998
Banff and Kyle 
DECOMMISSIONING PROGRAMMES

CNR International (U.K.) Limited, on behalf of the co-venturers in the Banff and Kyle fields and Teekay Petrojarl Floating Production UK LTD, has submitted, for the consideration of the Secretary of State for Business, Energy and Industrial Strategy, a draft Decommissioning Programmes for the Banff and Kyle Fields in accordance with the provisions of the Petroleum Act 1998. It is a requirement of the Act that interested parties be consulted on such decommissioning proposals.

The items/ facilities covered by the Decommissioning Programmes are:

The Banff and Kyle fields subsea infrastructure and pipelines located 200 km North East of Aberdeen. Banff field is located in the UKCS Blocks 29/2a and 22/27a and Kyle field is located in the UKCS Blocks 29/2c and 29/2h.

CNR International (U.K.) Limited hereby gives notice that a summary of the Banff and Kyle Fields Decommissioning Programmes can be viewed online at <http://www.cnri-northsea-decom.com> (see 'Decommissioning Programmes' page).

Alternatively, a hard copy can be requested at the following location during office hours:

CNR International (U.K.) Limited
St Magnus House
Guild Street
Aberdeen

AB11 6NJ
Contact: Kerry Langworthy
Tel: 01224 303756

banffkyledecom@cnri.com

Interested parties are kindly requested to submit any representations in writing to the above address for the attention of Kerry Langworthy by the consultation closing date, 7th July 2021, including the rationale upon which any representations are being made.

7th June 2021

ABERDEENSHIRE COUNCIL

LOCAL GOVERNMENT (SCOTLAND) ACT 1973
NOTICE OF A REVIEW OF ABERDEENSHIRE COUNCIL'S
SCHEME OF ESTABLISHMENT FOR COMMUNITY COUNCILS

Notice is hereby given in terms of Section 53, Part (IV) of the Local Government (Scotland) Act 1973, that Aberdeenshire Council is undertaking a review of its existing Scheme of Establishment for Community Councils.

The Scheme of Establishment:

- Includes a boundary map showing the area of each Community Council
- Makes provision for the conduct of elections
- Outlines the constitutional and financial framework within which Community Councils must operate; and
- Sets out arrangements for the development of procedures and exchange of information between the Council and Community Councils.

The review process is based on the Scottish Government Good Practice Guidance Document and will be undertaken in three phases:

- Phase 1 – ask Community Councils and the public to review any issues regarding the Areas and composition/disposition of Community Councils (2-week consultation)
- Phase 2 – will ask Community Councils and the public to review any issues relating to the current Scheme of Establishment and associated documentation (8-week consultation) and
- Phase 3 – will ask Community Councils and the public to review any amendments made as Part of Phases 1 and 2 (4-week consultation)

The publication of this Notice commences the start of Phase 3 of the review. Information and documents can be accessed at <https://www.aberdeenshire.gov.uk/consultation-on-scheme-for-the-establishment-of-community-councils>. An electronic feedback form is available for comments and suggestions.

Any person/organisation wishing to make written representations in respect of Phase 3 of the review should address them to Head of Legal and People, Aberdeenshire Council, Woodhill House, Westburn Road, Aberdeen, AB15 5GB. All submissions should be made within a period of 4 weeks from publication of this Notice.

Head of Legal and People, Aberdeenshire Council 7th June 2021

CONDITIONS OF
ACCEPTANCE OF
ADVERTISEMENTS

The Publishers retain full discretion as to the contents of "The Press and Journal" and reserve the full right to refuse to publish an advertisement or omit or suspend any advertisement for which an order has been accepted in every case without stating any reasons for so doing.

The Publishers shall not be liable for any error, omission or inaccuracy in published advertisements, nor do they accept any liability for any loss which the Advertiser may allege to have been caused by any such error, omission or inaccuracy.

Copy, artwork, photographic prints and other materials supplied in connection with advertisements shall be subject to the approval of the Publishers. All space will be charged at the appropriate rate prevailing at the time of publication and such rates may be altered at any time.

The Publishers reserve the right to change the classification of any advertisement accepted if in the opinion of the Publisher that advertisement has been placed in an incorrect classification.

PUBLIC NOTICE

THE OFFSHORE OIL AND GAS EXPLORATION, PRODUCTION, UNLOADING AND STORAGE (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2020
Cambo Field Development (Cambo)

Siccar Point Energy E&P Limited (SPE) has made an application for consent to the Oil and Gas Authority ("the OGA") in relation to the above project.

Summary of Project

The Cambo oil field lies within UKCS Blocks 204/4a, 204/5a, 204/9a and 204/10a, in the West of Shetland region. The proposed development footprint is situated in water depths of between 1,050m in the southeast to 1,100m in the northwest within the Faroe-Shetland Channel. The nearest coast line is the Shetland Islands, located approximately 125 km to the east. The proposed Development lies adjacent to the UK/Faroe Island transboundary line.

The subject of the environmental statement comprises a dedicated, moored Floating Production, Storage and Offloading (FPSO) vessel to produce hydrocarbons from two drill centres (comprising eight new production wells and four water injection wells). Additionally, the Cambo 204/10a-5Y well, drilled as an appraisal well in 2018, will also be completed for production. Oil will be exported via shuttle tanker and gas will be exported via a gas export pipeline (situated at water depths of 1,085m to 190m) extending 70 km to the southeast of the Cambo field, terminating at the West of Shetland Pipeline (WOSPS). The Cambo field is expected to produce oil and gas for approximately 25 years. Offshore development activities are currently due to commence at the Cambo field in 2021, with first drilling operation currently planned in 2022. First oil is expected in 2025.

Environmental Impact Assessment and Consent Process

In accordance with the above-mentioned Regulations, the project is subject to an environmental impact assessment procedure and regulation 13 applies as the project could have a significant effect on the environment of the Faroe Islands.

The OGA is responsible for deciding whether or not to grant consent for the project, but agreement to the grant of consent must be obtained from the Secretary of State for Business, Energy and Industrial Strategy ("the Secretary of State") prior to consent being granted. The Secretary of State's decision on whether to agree to the grant of consent is based on the environmental impact assessment for the project.

The range of possible decisions in response to the application of consent is:

- (a) the Secretary of State agrees to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, and the OGA grants consent, so the project may proceed;
- (b) the Secretary of State refuses to agree to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, so the project may not proceed; or
- (c) the Secretary of State agrees to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, but the OGA does not grant consent, so the project may not proceed.

Where the Secretary of State agrees to the grant of consent, conditions that Siccar Point Energy E&P Limited must comply with may be attached to the agreement, including environmental conditions to avoid, prevent, reduce or offset any significant adverse effects on the environment, and measures to monitor such conditions.

Notice of the decisions of the Secretary of State and OGA decisions for the project will be published at: <https://www.gov.uk/guidance/the-2020-eia-regulations#environmental-impact-assessments-eia> where information on the Secretary of State's decision to agree to or refuse to agree to the grant of consent will also be made available.

Access to Further Information

Copies of this notice, the summary of the project and the Environmental Statement can be viewed and downloaded at <https://www.siccarpointenergy.co.uk/news> and at <https://www.gov.uk/guidance/the-2020-eia-regulations#environmental-impact-assessments-eia>. Access shall remain at least three months after the date on which the Secretary of State publishes the notice under Regulation 16(1) (publication of consent decisions).

A copy of the Environmental Statement and summary of the project may also be obtained by post or email. Requests should be made by 10th July 2021 to:

Siccar Point Energy E&P Limited
c/o Pinsent Masons LLP
1 Park Row
Leeds
LS1 5AB

By email: info@siccarpointenergy.co.uk
Or by telephone: +44 (0)1224 678 008

Public Consultation

Representations, comments or questions relating to the project may be made to the Secretary of State by 10th July 2021. All representations should quote reference number D/4261/2021 and may be made by letter or by email to:

Business Support Team
Offshore Petroleum Regulator for Environment & Decommissioning
Department for Business, Energy and Industrial Strategy
AB1 Building
Crimon Place
Aberdeen
