Name and Address of premises of dispatch:			

I, \_\_\_\_\_ (insert name), an Official  
Veterinarian, hereby certify that:

- 1) the horse identified above was continuously resident from \_\_\_\_\_ to  
\_\_\_\_\_ 2 (dates) in \_\_\_\_\_ (name of Country);
- 2) during the period mentioned at 1) above or, if longer, during the 60 days  
immediately prior to leaving \_\_\_\_\_ (name of  
Country):
- (a) (i) either the horse has only been in an African Horse Sickness (AHS) free  
country where AHS has not been reported in the last two years and where  
vaccination against this disease has not been practiced in the last 12  
months, or it has been in an officially recognised AHS Free Zone<sup>(3)</sup>.
- (ii) the horse has not been in any country in which Venezuelan equine  
encephalomyelitis, glanders and surra has been reported during the last two  
years nor has the horse been vaccinated against Venezuelan equine  
encephalomyelitis disease.
- (b) the horse either has only been in countries that have been free of  
terrestrial rabies for the last 2 years, or the horse has not been exposed  
to rabies nor been on any premises where rabies has been reported for the  
last 60 days.
- (c) the horse has not been on any premises where the diseases listed below  
occurred during the 60 days prior to export, nor have the horses been  
infected with the diseases listed below during the 60 days prior to export.
