Notice Board

Public Notices

**PUBLIC CONSULTATION NOTICE
THE OFFSHORE OIL AND GAS
EXPLORATION, PRODUCTION, UNLOADING
AND STORAGE (ENVIRONMENTAL IMPACT
ASSESSMENT) REGULATIONS 2020**

Jackdaw Field Development

BG International Limited (an affiliate of Shell U.K. Limited) has made an application for consent to the Oil and Gas Authority ("the OGA") in relation to the above project. A notice was previously published under Regulation 11(3)(c) in respect of this application for consent and the accompanying Environmental Statement on 10/05/2021. Further information is now available in respect of this project.

Summary of Project

Jackdaw gas condensate field is located 250 km east of Aberdeen, Scotland and adjacent to the UK/Norway median line. The project involves drilling four wells, installation of a new wellhead platform and a new pipeline ca. 30 km to the existing Shearwater host platform where the fluids will be processed before onward export via the Fulmar Gas Line and the Forties Pipeline System. Drilling, installation and commissioning will take place between 2022-2024.

Environmental Impact Assessment and Consent Process
In accordance with the above-mentioned Regulations, the project is subject to an environmental impact assessment procedure, and Regulation 13 applies as the project could have a significant effect on the environment of Norway.

The OGA is responsible for deciding whether or not to grant consent for the project, but agreement to the grant of consent must be obtained from the Secretary of State for Business, Energy and Industrial Strategy ("the Secretary of State") prior to consent being granted. The Secretary of State's decision on whether or not to agree to the grant of consent is based on the environmental impact assessment for the project.

The range of possible decisions in response to the application of consent is:

(a) the Secretary of State agrees to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, and the OGA grants consent, so the project may proceed;

(b) the Secretary of State refuses to agree to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, so the project may not proceed; or

(c) the Secretary of State agrees to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, but the OGA does not grant consent, so the project may not proceed.

Where the Secretary of State agrees to the grant of consent, conditions that BG International Limited must comply with may be attached to the agreement, including environmental conditions to avoid, prevent, reduce or offset any significant adverse effects on the environment, and measure to monitor such conditions.

Notice of the decisions of the Secretary of State and the OGA for the project will be published at: <https://www.gov.uk/guidance/the-2020-eia-regulations#environmental-impact-assessments-eia>, where information on the Secretary of State's decision to agree or refuse to agree to the grant of consent will also be made available.

Access to Further Information

Copies of this notice, the previous notice made under Regulation 11(3)(c), the summary of the project, the Environmental Statement, and the further information may be viewed and downloaded at www.shell.co.uk/sustainability/reporting and at <https://www.gov.uk/guidance/the-2020-eia-regulations#environmental-impact-assessments-eia>. Access shall remain at least three months after the date on which the Secretary of State publishes the notice under Regulation 16(1) (publication of consent decisions).

A copy of the Environmental Statement, summary of the project and the further information may also be obtained by post or email. Requests should be made to BG International Limited Jackdaw Project, c/o Shell U.K. Limited, 1 Altens Farm Road, Nigg, Aberdeen, AB12 3FY, by e-mail to HSE-Learning@shell.com or by telephone 01224-882000 by 05/08/2021.

Public Consultation

Representations, comments or questions relating to the project may be made to the Secretary of State by 05/08/2021. All representations should quote reference number D/4260/2021 and may be made by letter or email to:

Business Support Team
Offshore Petroleum Regulator for Environment & Decommissioning
Department for Business, Energy and Industrial Strategy
AB1 Building
Crimon Place
Aberdeen

Judicial Review

A person aggrieved by the grant of consent for a project may use the procedure to apply for judicial review regarding the decisions made in respect of this project. A court may allow proceedings to challenge a decision made in respect of the Regulations.

Congratulate

a loved one on their graduation this year!

Graduation notices cost £24.60 and are a lovely keepsake to mark such an important milestone.

Though you may not be able to celebrate with graduates in person this year, you can still share their success with your local community.

£24.60
