A National Strategy for Disabled People

The Government is writing a National Strategy for Disabled People.

It is for disabled people, carers, organisations and members of the public who are interested to give their views to the Government.

This is a plan to improve the lives of disabled people.

To help us write a plan that works well for everyone, we want to hear from different people about their experiences.

We want to hear what you think.

We also want to know how you have been affected by COVID-19.

Please tell us what you think by completing our survey.

If you don't want to complete the survey

If you don't want to complete the survey you can send us your thoughts and ideas by:

- Audio file - this is a recording of your voice.

- Video file.

- British Sign Language Video.

- Email:
