

EMPLOYMENT TRIBUNALS

Claimant: Mr G Flaxman
Respondent: The secretary of State for Justice

JUDGMENT

The claimant's application dated **29 April 2021** for reconsideration of the judgment sent to the parties on **27 April 2021** is refused.

REASONS

There is no reasonable prospect of the original decision being varied or revoked, because

1. The claimant made no application at the outset of the Full Merits Hearing on 1st March 2021 for the proceeding to be stayed.
2. The entire basis of the Claimants application for reconsideration of the Judgement is he disagrees with the Tribunal findings of fact, which on the evidence were neither perverse or at odds with the evidence before the Tribunal.
