THE OFFSHORE OIL AND GAS EXPLORATION, PRODUCTION, UNLOADING AND STORAGE (ENVIRONMENTAL IMPACT ASSESSMENT) REGULATIONS 2020

Abigail Field Development

Ithaca Energy (UK) Limited has made an application for consent to the Oil and Gas Authority ("the OGA") in relation to the above project.

Summary of Project
The Abigail oil and gas field lies within UKOS Block 29/10, in the central North Sea, 233km east of Peterhead, Scotland. The subject of the Environmental Statement is a two phase subsea tie-back development. Phase 1 involves the re-entry and completion of an existing appraisal well as a production well, installation of a new 12 kilometre pipeline system (production, gas lift and service lines), manifold and subsea isolation valve, tied back to the existing PFF-1 installation located in Block 30/06. Phase 2 is contingent on field performance and comprises a second, new, production well and tie-in to the manifold. Activity window and estimated duration for Phase 1 is 02-03 2022, and 120-130 days, (first oil Q3/4 2022). If executed, the activity window for Phase 2 is Q3/4 2024 with a duration of 105 days. Field life is estimated to be 8 years.

Environmental Impact Assessment and Consent Process
In accordance with the above-mentioned Regulations, the project is subject to an environmental impact assessment procedure and regulation 13 applies as the project could have a significant effect on the environment of Norway.

The OGA is responsible for deciding whether or not to grant consent for the project, but agreement to the grant of consent must be obtained from the Secretary of State for Business, Energy and Industrial Strategy ("the Secretary of State") prior to consent being granted. The Secretary of State's decision on whether to agree to the grant of consent is based on the environmental impact assessment for the project.

- The range of possible decisions in response to the application of consent is:
- (a) the Secretary of State agrees to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, and the OGA grants consent, so the project may proceed;
 - (b) the Secretary of State refuses to agree to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, so the project may not proceed; or
 - (c) the Secretary of State agrees to the OGA's grant of consent following the Secretary of State's conclusion regarding the environmental effects of the project, but the OGA does not grant consent, so the project may not proceed.

Where the Secretary of State agrees to the grant of consent, conditions that Ithaca Energy (UK) Limited must comply with may be attached to the agreement, including environmental conditions to avoid, prevent, reduce or offset any significant adverse effects on the environment, and measure to monitor such conditions.

Notice of the decisions of the Secretary of State and OGA decisions for the project will be published at: <https://www.gov.uk/guidance/the-2020-eia-regulations#environmental-impact-assessments-eia> where information on the Secretary of State's decision to agree to or refuse to agree to the grant of consent will also be made available.

Access to Further Information

Copies of this notice, the summary of the project and the Environmental Statement can be viewed and downloaded at <https://www.ithacaenergy.com/responsible-business/environmental-statements> and at <https://www.gov.uk/guidance/the-2020-eia-regulations#environmental-impact-assessments-eia>. Access shall remain at least three months after the date on which the Secretary of State publishes the notice under Regulation 16(1) (publication of consent decisions).

A copy of the Environmental Statement and summary of the project may also be obtained by post or email. Requests should be made to Paul Shearer at Ithaca Energy (UK) Limited, Hill of Rubislaw, Aberdeen AB15 6XL, by email to pshearer@ithacaenergy.com or by telephone +44 (0) 1224 236008 by 25/08/2021.

Public Consultation

Representations, comments or questions relating to the project may be made to the Secretary of State by the consultation closing date of 25/08/2021. All representations should quote reference number D/4263/2021 and may be made by letter or by email to:
