

EMPLOYMENT TRIBUNALS

Claimant: Mr. Iosifescu

Respondent: River Island Clothing Co. Limited

JUDGMENT ON RECONSIDERATION

The claimant's application dated 24 July 2021 for reconsideration of the judgment sent to the parties on 12 July 2021 is refused.

REASONS

1. There is no reasonable prospect of the original decision being varied or revoked.
2. The arguments made by the claimant in his application for reconsideration are an attempt to re-argue or expand upon the reasons why he considers his claim should have succeeded. These arguments either were or could have been made at the hearing. There are no reasons put forward as to why the interests of justice require the decision to be reconsidered. The tribunal has already set out in detail in its written reasons why it reached the decision that it did. None of the matters raised by the claimant are such that they would give any reasonable prospect of the original decision being varied or revoked.
3. The claimant attaches evidence that appears not to have been produced at the original hearing. There is no explanation provided as to why that evidence could not have been produced at the original hearing, nor am I persuaded that there is any reasonable prospect of it having had any influence on my decision. There is no other reason why the interests of justice would require the decision to be reconsidered in the light of this additional evidence. There is no reasonable prospect of the original decision being varied or revoked on the basis of this new evidence.
