Licence Annex B: Provisions relating to licensed actions within the cull area, including on or around Special Areas of Conservation (SACs), Special Protection Areas (SPAs), Sites of Special Scientific Interest (SSSIs), and/or Ramsar sites within the county of Gloucestershire

Notes W, Y and Z to this Annex must be considered on any land where operations permitted under this licence are proposed or are undertaken.

Notes A and B apply only on and/or around Protected Sites and only in respect to Protected Sites where these Notes are cited in the 'Licence Condition' column of the table below for that site.

SSSI name	European Designated Site	Licence condition
	name (where applicable)	
Alderton Hill Quarry		All vehicles must be restricted to existing tracks. Limit location of traps to existing sett footprint or areas of scrub.
Ashleworth Ham		No access from 1st March to 1st August and from 19th October to 1st March. All vehicles must be restricted to existing tracks. Limit location of traps to existing sett footprint or areas of scrub. The licensee must assist Natural England with the gathering of information on fox control taking place on, and in the vicinity of, this SSSI (see Notes A and B).
Astridge Wood SSSI	Wye Valley Woodlands SAC	All vehicles must be restricted to existing tracks. Limit location of traps to existing sett footprint or areas of rhododendron or conifer plantation. No access within 20 metres of any entrance to a mine, shaft or cave at any time of the year.
Aust Cliff SSSI		No additional conditions imposed.
Badgeworth		All vehicles and people must be restricted to existing tracks.
Barnsley Warren		All vehicles must be restricted to existing tracks. Limit location of traps to existing sett footprint or improved/ semi-improved grassland/scrub areas.
Barton Bushes		All vehicles must be restricted to existing surfaced tracks. Limit location of traps to existing sett footprint.
Bigsweir Woods SSSI	Wye Valley Woodlands SAC	All vehicles must be restricted to existing tracks. Limit location of traps to existing sett footprint. Delay access until after hay cut, mid-July. No access within 20 metres of any entrance to a mine, shaft or cave at any time of the year.
Blaisdon Hall SSSI	Wye Valley & Forest of Dean Bat Sites SAC	No access within 20 metres of any entrance to a mine, shaft, tunnel or building at any time of the year.
Bourton Down		All vehicles must be restricted to existing tracks. Limit location of traps to existing sett footprint or areas of scrub.
Box Farm Meadows		All vehicles must be restricted to existing tracks. Limit location of traps to existing sett footprint or areas of scrub.

SSSI name	European Designated Site	Licence condition
	name (where applicable)	
Boxwell		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint.
Brassey Reserve		All vehicles must be restricted to existing surfaced
and Windrush		tracks. Limit location of traps to existing sett
Valley		footprint.
Brooks Head		All vehicles must be restricted to existing surfaced
Grove SSSI		tracks. Limit location of traps to the woodland area
		of the SSSI only. Traps should only be dug in, on
		boundary edges in these areas, such as hedgerows.
Buckshraft Mine	Wye Valley & Forest of	No access within 20 metres of any entrance to a
& Bradley Hill	Dean Bat Sites SAC	mine, shaft, tunnel or building at any time of the
RailwayTunnel		year.
SSSI		
Bull Cross, The		All vehicles must be restricted to existing tracks.
Frith and Juniper		Limit location of traps to existing sett footprint.
Hill Bushley Muzzard,		All vehicles must be restricted to existing tracks.
Bushley Muzzard, Brimpsfield		Limit location of traps to existing sett footprint or
вппрзпеш		areas of scrub.
Campden Tunnel		No additional conditions imposed.
Gravel Pit		No additional conditions imposed.
Caerwood and	Wye Valley & Forest of	No access within 20 metres of any entrance to a
Ashberry Goose	Dean Bat Sites SAC	mine, shaft, tunnel or building at any time of the
House SSSI		year.
Chaceley		All vehicles must be restricted to existing surfaced
Meadow		tracks. Limit location of traps to existing sett
		footprint.
Clarke's Pool		All vehicles must be restricted to existing tracks.
Meadow		Limit location of traps to existing sett footprint.
		Delay access until after hay cut, mid-July.
Cleeve Common		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint or
		areas of scrub.
Coaley Wood		No additional conditions imposed.
Quarries		
Cockleford		All vehicles must be restricted to existing tracks.
Marsh		Limit location of traps to existing sett footprint.
Collinpark Wood		All vehicles must be restricted to existing surfaced
		tracks. Limit location of traps to existing sett
Coords - Lill		footprint.
Coombe Hill		All vehicles must be restricted to existing tracks. Limit location of traps to existing sett footprint.
Coombe Hill		All vehicles must be restricted to existing surfaced
Canal		tracks. Limit location of traps to existing sett
Curiai		footprint.
Cotswold	Cotswold Beechwoods	All vehicles must be restricted to existing tracks.
Commons and	SAC	Limit location of traps to existing sett footprint.
Beechwoods		Sensitive areas within fenced enclosures to be
		excluded.
Cotswold Water		No activities from 1st March to 31st August to
Park		avoid bird breeding season. No licensed activities

		these areas, such as hedgerows. Avoid Unit 2.
Yarley Meadows		All vehicles must be restricted to existing tracks.
		Limit location of traps to existing sett footprint.
		Delay access until after hay cut, mid-July.

Notes to Annex B

General note on interpretation

Protected sites that are listed above are not necessarily part of any active operations. Active operations can and will only occur on protected sites where landowner/occupier permission has been granted.

Within the licence conditions, use of the word 'avoid' denotes a prohibition, i.e. it indicates that an area must be excluded from relevant activities or that activities must not be undertaken during the time period stated or in the manner described. Similarly, the word 'restrict' means that activities must be confined to the areas or time periods stated.

For further details on each protected site and its notified features of special interest and/or European Site qualifying features please enter the site name into the following link: https://designatedsites.naturalengland.org.uk/SiteSearch.aspx.

Individual notes

Note A

Natural England will inform the licensee from time to time of the information it requires. This is likely to focus on whether fox control is routinely undertaken on the relevant site and/or on areas of participating land within a few kilometres of the site. The licensee is expected to use reasonable endeavours to assist Natural England with the gathering of this information.

Note **B**

Natural England may form the judgment that measures should be introduced to secure the protection of species associated with this site, such as fox control, anti-predator fencing, habitat management, or buffer zones in which badger control is not undertaken. Such measures may be secured through cooperation between licensees, landowners, occupiers, and/or public bodies. If it considers it necessary to do so, Natural England may: exercise its powers under sections 28J-K of the Wildlife and Countryside Act 1981 or regulation 20 of the Conservation of Habitats and Species Regulations 2017; and/or revoke and re-issue this licence with revised terms (provided that such terms will be reasonable and proportionate in all of the circumstances).

Note W

European protected species are listed in Schedule 2 (animals) and Schedule 5 (plants) of the Conservation of Habitats and Species Regulations 2017. Nationally protected species are listed in Schedule 5 (animals) and Schedule 8 (plants) of the Wildlife and Countryside Act 1981 (as amended). Under these laws

(regulations 43 and 47 of the 2017 Regulations and sections 9 and 13 of the 1981 Act), it can be an offence to:

- deliberately capture, injure or kill any wild animal of a European protected species
- intentionally kill, injure or take a nationally protected wild animal
- deliberately disturb wild animals of any European protected species
- intentionally or recklessly damage or destroy any structure or place which a nationally protected animal uses for shelter or protection, disturb such an animal while it is occupying such a structure or place, or obstruct access to any such structure or place
- damage or destroy a breeding site or resting place of any wild animal of a European protected species
- deliberately take or destroy the eggs of any wild animal of a European protected species
- deliberately pick, collect, cut, uproot or destroy a wild plant of a European protected species
- intentionally pick, uproot or destroy any nationally protected wild plant

Great crested newt, otter, dormouse, and sand lizard are European and nationally protected species.

Note Y

All birds, their eggs and nests (while in use or under construction) are protected under the Wildlife and Countryside Act 1981. This licence does not allow you to take or destroy such nests. Birds species listed under Schedule 1 of that Act have additional legal protection so care must be taken to avoid their disturbance during the breeding season.

Note Z

All bats and their roosts (even when not occupied by bats) are protected by the Wildlife and Countryside Act 1981 and by The Conservation of Habitats and Species Regulations 2017. This licence does not allow you to enter or obstruct any bat roost, nor to disturb any bat whilst it is occupying a roost. Care must be taken to avoid sustained human presence near, or artificial illumination of cracks and cavities in trees and man-made structures, and of any mounted boxes.
