

EMPLOYMENT TRIBUNALS

Claimant: Mr E Mbanacele

Respondent: Amazon UK Services Ltd

JUDGMENT

The Claimant's application, attached to an email dated 31 August 2021, for reconsideration of the Judgment and Reasons, sent to the parties on 24 July 2021 and 18 August 2021 respectively, is refused.

REASONS

1. There is no reasonable prospect of the original decision being varied or revoked, because the matters raised in the application only dispute the findings and conclusions reached on the evidence considered at the hearing.
2. The Claimant refers, in several places, to asking for orders to be issued requiring the attendance of other witnesses. However, the time for the Claimant to seek the attendance of other witnesses was in advance of the final hearing in July 2021. It is not known whether the Claimant sought the voluntary evidence of any such witness, but he did not apply for an order requiring the attendance of any additional witness, which had been an option open to him.
3. The Claimant also refers (paragraph 80) to the Employment Tribunal letting the matter go to the Employment Appeal Tribunal. It is however a matter for the Claimant himself to pursue any appeal to the Employment Appeal Tribunal within the time period set out in that Tribunal's rules.
