

BPS 2020 payments for commons – calculation data

For more information about grazing rights on common land, read the Basic Payment Scheme: guidance on GOV.UK.

The table linked below shows the eligible area and number of rights claimed (in Livestock Units) for each common for BPS in 2020.

The data was taken from the Rural Payments service in 2020. The eligible area of a common will alter as physical changes take place on the common and the information in this table may be updated to take account of information received from inspections or other sources.

Key:

In both of these cases no data is shown in the 'Total LU' and 'Ha per LU' columns:

* Less than 0.1 LU of grazing rights were allocated for the entire common.

** Less than 0.1 ha of eligible area was allocated per LU.

This is normally because rights are split across more than one common, or the eligible area of the common is extremely small.

CUID	CL_Number	CL_Name	Allocated date	Total Eligible area	Non-SDA Eligible area	Other-SDA Eligible area	Moorland Eligible area	Total LUs declared for BPS	Ha per LU
