Section 4 of the Crossbows Act 1987 states:

(1) If a constable suspects with reasonable cause that a person is committing or has committed an offence under section 3, the constable may—

(a) search that person for a crossbow or part of a crossbow;

(b) search any vehicle, or anything in or on a vehicle, in or on which the constable suspects with reasonable cause there is a crossbow, or part of a crossbow, connected with the offence.

(2) A constable may detain a person or vehicle for the purpose of a search under subsection (1).

(3) A constable may seize and retain for the purpose of proceedings for an offence under this Act anything discovered by him in the course of a search under subsection (1) which appears to him to be a crossbow or part of a crossbow.

(4) For the purpose of exercising the powers conferred by this section a constable may enter any land other than a dwelling-house.

With that legislation in mind, I would like to know how many people have been searched since the law's inception to the present day in your policing area.

Section 2 of the Crossbows Act 1987 states:

A person under the age of [F1eighteen] who buys or hires a crossbow or a part of a crossbow is guilty of an offence.

With that legislation in mind, I would like to know how many people have been found guilty of an offence for either hiring or buying a crossbow since the law's inception to the present day in your policing area. In addition, I would like a Gender Breakdown of the offenders i.e. '76% of people arrested were female' etc.

Section 3 of the Crossbows Act 1987 states:

A person under the age of [F1eighteen] who has with him—

(a) a crossbow which is capable of discharging a missile, or

(b) parts of a crossbow which together (and without any other parts) can be assembled to form a crossbow capable of discharging a missile, is guilty of an offence, unless he is under the supervision of a person who is twenty-one years of age or older.

With that in mind I would like to know how many people under the age of 18 have been found guilty of an offence for not being under the supervision of a person who is at least 21 years old in your policing area. The time period to which I want information from every question is from the inception of the law till the present day.

I am looking for the number of reported incidences of sexual misconduct and sexual assault that have taken place in your region in the last 5 years, in a sports setting, where the victim is under the age of 18.

To summarise, the number of reports sexual misconduct and sexual assault:

- in your region
- accross the last 5 calendar years
- where the victim is under 18
- taken place in a sports setting (a sports hall, sports training session, match, coaching sessions, etc)
- This could be at the hands of a coach or an athlete, or simply anyone involved in the sports team/club. The perpetrator can be of any age.

I am ultimately looking to determine the prevalence of sexual crimes involving young people in a sports setting in the UK. I am contacting each police force individually for their figures.
