The Home Office responded to my FOI request to them (attached) and has helpfully suggested that police forces, amongst others my hold the information I seek. My request to you is the following:

1. Please supply the figure for the total amount of taxpayers' money paid to Forensic Science Providers as part of the "relief payments" described by the Home Office in their response to me, and a breakdown of the money paid per provider.
2. Please supply the documents which address the volume of submissions to the providers prior to the pandemic and the drop in volume of submissions that caused the police to intervene financially and those documents which monitored the volume of submissions until they returned to "normal" levels. Specifically I want to know what the "normal" level of submissions is, how low they dropped before the police acted, and at what point the submissions returned to normal levels.
3. Please supply the documents which address the specific disciplines where volume dropped. Specifically, I want to know what disciplines of forensic science provision were affected and the degree to which they were affected.

I am writing to make a request for all the information to which I am entitled under the Freedom of Information Act 2000.

In order to assist you with this request, I am outlining my query as specifically as possible.

If however this request is too wide or too unclear, I would be grateful if you would contact me as I understand that under the Act you are required to advise and assist requesters.

I am requesting the following, all separated by year, from the years 2015 - 2021:

1. The number of cases of reports of intimate image abuse, including intimate images or videos that were taken or shared without consent of the victim. Please specify the number of these allegations that dealt with altered intimate images or video (such as deepfakes or synthetic media).
2. The number of these allegations which were made by women, the number that were made by men, and the number that were made by non-binary people.
3. The number of allegations that led to a conviction.
4. How many of these convictions were of men, how many of women, and how many of non-binary people?

I understand that under the Act, I should be entitled to a response within 20 working days. I would be grateful if you could confirm in writing or by email that you have received this request. I look forward to hearing from you in the near future.

This is a FOIA for the following information. Please provide separate answers to the following 8 questions in respect of:

- The Annual Data Requirement (ADR)
 - The Police National Database (PND)
 - The Police National Computer (PNC)
 - Crime & Incident Reporting
1. What explanatory guidance has been provided to your police force on the information you should record in the 'gender/sex' category? As examples, this might include guidance documents provided by: College of Policing, Home Office, ONS, or any other official body. Please provide me with a copy of the guidance document(s) in use.

2. In the gender/sex category does your police force record a victim's or suspect's "natal sex" (their biological sex observed at birth), their "legal sex" (the sex on their birth certificate), or their "self-declared gender or gender identity"?
3. If a male-born person self-identifies as female will this be recorded by you as female or male?
4. If a male-born person self-identifies as non-binary will this be recorded by you as female or male or something else?
5. If someone is transgender (identifies as a different gender to the sex assigned at birth) and has obtained a Gender Recognition Certificate is this recorded by you separately?
6. If someone is transgender (identifies as a different gender to the sex observed at birth) but has not obtained a Gender Recognition Certificate is this recorded by you separately?
7. If a male-born person identifies as female, has obtained a Gender Recognition Certificate and is arrested for/charged with the crime of rape will you record the gender/sex of the suspect/perpetrator as male or female? Will transgender status also be recorded?
8. If a male-born person identifies as female, has not obtained a Gender Recognition Certificate and is arrested for/charged with the crime of rape will you record the gender/sex of the suspect/perpetrator as male or female? Will transgender status also be recorded?

Additionally, please answer the following:

The College of Policing requirements for Information Management specify that each UK police force must have an Information Management Strategy (IMS): <https://www.app.college.police.uk/app-content/information-management/management-of-police-information/common-process/#-common-process-at-force-level> As you will know, the IMS should be made available to partners and the public, and I would therefore ask you to please provide me with a copy of your local police force IMS.

This is a request under the Freedom of Information Act 2000. There are five strands of hate crime, I am writing to find out statistics relating to two of these (sexual orientation and transgender identity).

1. The total number of hate crimes in May 2021 where sexual orientation was recorded as a motivating factor.

2. When this month comes to an end please provide an answer to the following: The total number of hate crimes in June 2021 where sexual orientation was recorded as a motivating factor.
3. The total number of hate crimes in May 2021 where a person's transgender identity was recorded as a motivating factor
4. The total number of hate crimes in June 2021 where a person's transgender identity was recorded as a motivating factor.
5. There is a significant public interest in discovering if whether there has been a rise in sexually-orientated hate crimes in June compared to May this year, as June marks pride month and there has been a spate of homophobic attacks reported so far this month.

The Home Office publishes an annual report of recorded hate crimes, the last was published in October 2020 releasing statistics for 2019/2020. Although the release of statistics for sexually-orientated hate crimes may be intended for future publication, there is a pressing need to see the statistics for Pride Month this year, due to the spate of homophobic attacks reported this month.

Waiting for this report will also be ineffective as it is not specific enough, it provides annual statistics but it does not give a month by month breakdown of reported hate crimes.

If you are unable to provide me with data for 2021, please can you provide me with your data for May compared to June 2020?

It is essential that this information is broken down into monthly, not annual statistics.

I understand that the systems used by different police forces in England may not necessarily be generic and that incidents may be recorded under a specific category, please can you, where possible, provide statistics relating to hate crimes motivated by homophobia/sexual orientation and due to someone identifying as transgender - in whichever way these may be categorised on your system for the area within your jurisdiction.

I sent an FOI about this last summer which showed there was a marked increase in assaults against police personnel over the first three months of lockdown compared with the same months in 2019, according to results from the 35 forces who responded. Thank you for sending the stats on this.

In the coming weeks I will be revisiting the topic to see whether the situation for officers has improved. Please could you let me know if you could provide the following data:

1. Please could you let me know how many crime reports of an assault of a police personnel (public-facing police of any rank, including PCSOs) you have recorded between 23/3/21 and 23/6/21, and for the same three month period last year (only if you did not provide it in last year's request)? If possible, please include the date of each assault and any detail recorded about it.
2. Please provide the recorded crime outcomes for the crime reports found in question 1.
3. Please separately provide the number of arrests for an assault of a police personnel, within the time periods stated above.
4. Please provide the manner of the assaults found above.

I am writing to request information under the Freedom of Information Act.

I am looking for information about reported thefts in care homes. For the purposes of searches, care homes should be taken to include facilities including nursing and residential homes for elderly people but also homes that look after adults with learning disabilities. Please could you provide me with the following:

1. How many thefts have been reported to the police in care homes over the last three and a half calendar years (up to and including June 2021)? Please could you break this information down year by year (2018, 2019, 2020 and the first six months of 2021) and, if possible, month-by-month.

2. In each case where a theft has been reported, please could you state what was stolen - what type of item, money etc - and the value, if recorded, of what was reported stolen, as well as a date for when it was reported stolen. Please could you also state the age and the gender of the alleged victim in each case. For each year, please could you provide a total for the value of items/money reported stolen was. I would be grateful if this information could be provided in list form: date, what was stolen/value, age/gender of victim.

3. In each case where a theft has been reported, please could you detail whether an individual was charged with a crime/if they were convicted or cleared. If possible, please can detail whether the person charged with the theft was an employee of the care home or not - the latter can be categorised as "other".

The purpose of this correspondence is to make a Freedom of Information (FOI) request under The Freedom of Information Act, 2000. The Association of Vehicle Recovery Operators (AVRO) is a trade Association representing recovery operators. It has a substantial number of members across the UK. AVRO's members have a material interest in statutory vehicle removal operations; either working directly for the authorities or through contracts via various motoring organisations, in England and Wales.

AVRO would like a detailed response identifying the revenue received from The Removal, Storage and Disposal of Vehicles (Prescribed Sums and Charges) Regulations 2008, in the last 5 years.

In particular we would like answers to the following:

What income does the force received as a result of its activities involving the removal, storage and disposal of vehicles either directly or from referral or management fees? What proportion of that revenue a) goes to HM Treasury, b) is retained by the Police Authority, c) goes to a Management Agent(s), and d) goes to Recovery Operator Agent(s)

We would like answers to each question above listed per annum and per month and per region if possible, across the last 5 years.

This is a request under the FOI Act.

Throughout 2021, many public bodies have released info on their Stonewall Workplace Equality Index applications, and feedback from the charity Stonewall. Some replies seem to be long overdue.

In July 2021, Stonewall released a statement stating that "the number of organisations who are part of the [Diversity Champions] programme has grown by 30 in total in the year to 1 June 2021".

This growth in numbers is despite numerous public bodies publishing their WEI applications and feedback, including full disclosures from the Scottish and the Welsh Government's. So, this clearly indicates that there is no threat to Stonewall's commercial interest from transparency by public bodies.

In 2017, Judge Ranzoni pointed out, in his dissenting opinion on an ECHR case, on coercive sterilisation as a pre-condition of legal gender recognition,: "In this regard the judgment highlights the existence of a "trend" towards the abolition of this requirement [sterilization]. I acknowledge that there exists a certain trend in Europe, but it is, as demonstrated above, only recent. Is this sufficient justification for narrowing considerably the margin of appreciation, which is in principle a wide one? I doubt it. Societies are moving only gradually towards abolishing sterilisation as a prerequisite for legal recognition of the gender identity of transgender persons."

Yet, across the Council of Europe, 22 countries continue to enforce a sterilisation requirement.

This is despite the landmark 2017 opinion, *Garçon and Nicot v France*, when the Court held that, by conditioning gender recognition on submission to ‘a sterilisation operation or medical treatment creating a high probability of sterilisation’, France had violated the applicants’ right to private life under Art. 8 of the European Convention on Human Rights.

That context is worth repeating: It was only in 2017 that more than twenty member states of the Council of Europe were obliged to reform their legislation with regard to legal gender recognition, in order to remove the compulsory condition of sterility.

Ranzoni said that there was “an absence of consensus among the member States on this specific aspect”.

He stated that, to the extent that gender recognition rules might obstruct or destabilise a coherent family law system, there would be a compelling justification for circumscribing, or appropriately limiting, those rules. For example, after a huge national debate, the Swedish Parliament passed a law abolishing the sterilisation requirement with effect from 1 July 2013.

On 6 November 2015, a bill to allow transgender people to legally change their gender without the need for sex reassignment surgery and forced sterilisation was approved by the French Senate.

In light of these developments, would you please release:

- Any dates of submissions made to, and any feedback received from, the Stonewall Workplace Equality Index in the three most recent years.
- The complete dates of your membership of any Stonewall schemes, and if you intend to continue membership in the future.
- If your submission was evaluated anonymously by Stonewall, or any communications that indicate otherwise.
