- (a) Name and address of exporter:
- (b) Name and address of premises of production:

III. DESTINATION OF THE PRODUCTS

- (a) The products were despatched from:
to: UNITED STATES
- (b) Name and address of consignee:
- (c) Means of transportation:

IV. HEALTH INFORMATION

No:

I, the undersigned Official Veterinarian, hereby certify that:

1.
 - (a) the collagen was sourced and processed with collagen originating from hides only (not produced from bone, hides/skins from the head, and not produced or commingled with any specified risk materials-SRMs as defined by United States Title 9 CFR310.22), of animals that were slaughtered in a slaughter house and found fit for human consumption following ante-mortem and post-mortem inspection;
 - (b) the collagen is derived from hides and skins has not been commingled with materials ineligible for entry into the United States;
 - (c) a traceability system is in place to ensure that finished collagen gel casings/films can be traced back to the raw materials used;
 - (d) deliveries of raw materials are accompanied by the necessary veterinary certification and import documentation;
2. the production premises at II(b) overleaf are officially approved under the European Union Food Hygiene legislation to produce collagen for human consumption;
3. the products identified at 1 overleaf are labelled or otherwise identified to show:
 - (a) the establishment of production;
 - (b) that they are suitable for human consumption;
4. the products identified at 1 overleaf were obtained from limed (or NaOH treated) hides reaching a pH of at least 12 and which underwent a subsequent acidification process to at least pH3.
