Hi [REDACTED]

2pm is good for me.

I'll make a start on those two articles.

Hi [REDACTED]

Thank you for your help with this. I have created a file on U drive with some of the articles I have looked at.
[REDACTED]/Finasteride suicide review.

Some have comments on but not all can be annotated. If you could start with the Traish & Borst that would be good.
Are you ok to meet at 2pm tomorrow?

Best
[REDACTED]

Hi [REDACTED]

I'm happy to help in reviewing the data, but I'm afraid [REDACTED] and I are on leave on Tuesday [REDACTED] so won't be able to attend the meeting.

I'll ask [REDACTED] if anyone else from the team can attend.

Dear [REDACTED]

I hope you re both well.

I am currently commencing a review of finasteride and suicide. There is a meeting scheduled [redacted]
[redacted] finasteride therapy on Tuesday [redacted]
Would one of you be able to assist with reviewing the data and possibly attend the meeting? At the moment June, Jane [redacted] have been invited to attend.
If agreeable I can set up some meetings to discuss the scope and the data identified [redacted] (see email chain).

Many thanks in advance and apologies for adding to your load.
Best regards

Hi [redacted]

Would you be able to add this to your finasteride review? I think it would probably be worth sharing what you have with the epi team and seeing what their views are.

Happy to discuss if that would be helpful.

Thanks
Jane
