**Attachments:** Letter about finasteride MHRA.DOCX

Hi [REDACTED]

I also think your letter is really clear, simple and to the point. As you suspected I would be happier sending the letter to everyone and have added "as necessary" to the letter in the hope that this gets round having to try and work out whose product information is up-to-date.

One thing I wasn't clear on is whether the DMD letter (that [REDACTED] sent) is accompanying this?

Thanks  
Jane

**Subject:** FW: Finasteride letter to hair-loss clinics/pharmacies

Dear Jane,  
[REDACTED] and I have worked on the attached letter and communication plan about the latest updates to advice for finasteride. I would very much appreciate any comments you may have on either of these documents.

As [REDACTED] pointed out, my strategy for targeting only online pharmacies with outdated PILs might not be valid since the variation deadline for generic companies is 1st October.

I would be happy to discuss if you would feel more comfortable sending to as many online clinics as possible for completeness.

Best wishes,  
[REDACTED]

Hi [REDACTED]

Many thanks. I think your letter is very clear. I have added a couple of comments. The generic companies have been requested to be sent in variations by 1<sup>st</sup> October (see attached) so the PI on the websites will be outdated at present.

I think send on to Jane first.

Kind regards  
[REDACTED]

Hi [REDACTED]

I've prepared this letter about the finasteride DSU and suggested list of recipients – what do you think?  
I was wondering if you had any comments? After your sign-off I guess it should probably go via Jane/Sarah  
and Jan MacDonald – what do you think?

Many thanks

[REDACTED]
