Hi [REDACTED]  
Thanks very much for drafting this – I can take a look and take this one forward, no needs to log in. I hope you enjoy your break after all your hard work over recent months!

Best regards,

Kathryn

Hi Kathryn

I was a bit pressed with this one especially as it is due on Tuesday (privilege day) and my last working day is today. I hope this gives further information and is in an acceptable format.  
Let me know if you want to push for Tuesday and I will log on and address where possible.

Thanks

Hi [REDACTED]  
We haven't had this particular PO directly but [REDACTED] drafted a reply to a very similar query from [REDACTED] week or so ago [REDACTED] – please see attached. I would guess he has slightly amended his e-mail in light of our reply. However, there are some additional points raised (e.g. number of Yellow Card reports received, and he has put more prominence on 'post finasteride syndrome').

[REDACTED] please could you take a look and provide a draft response on the new points raised?

Many thanks!

Kathryn
