

1. The market investigation by the CMA is necessary and measures to remedy the malfunctioning market for the supply of the Airwave network and the delay in the delivery of ESN, are required;
2. Undertakings in lieu are unlikely to be sufficient unless they are sufficiently wide ranging, robust and structural in nature;
3. Regulation of the Airwave price alone is unlikely to be sufficient to ensure a proper open functioning market for the provision of Mission Critical Services to the Emergency Services under ESN.
